PROJECT DESCRIPTION

This petition proposes to vacate portions of existing public drainage easements. Both are 20-foot wide and were granted to Clark County and are along the northern edge of the property. ANALYSIS

This site is designated DR (Desert Rural Residential) on the Centennial Hills Interlocal Land Use Plan Map of the General Plan. The existing U (Undeveloped) [RE (Rural Estates) General Plan Designation] zoning designation is one of the two zoning districts consistent with the DR residential category of the General Plan and therefore is in conformance with the General Plan.

The development will consist of 19 single-family homes on 9.5 acres, a density of approximately 0.5 dwelling units per acre. Lots are accessed from 39-foot private streets. Site access is provided from Maggie Avenue, a 60-foot wide public street. Since these drainage easements will be granted to the city in the future, staff recommends approval of this request.
