PURPOSE/BACKGROUND:

Obligation to fund the operating and capital budget of LVMPD is shared between the County and the City of Las Vegas, based on a funding formula. When necessary to fund certain capital projects outside the normal operating budget of the department, these projects are funded through separate interlocal agreements and must comply with a master agreement. This Interlocal Agreement was approved by the County at their March 18, 2008 County Commission Meeting. It serves as the master agreement to govern the terms of future acquisition and construction of facilities for LVMPD and the funding of Enterprise Area Command Center.
