CITY ENGINEERS OFFICE

City of Las Vegas  
Engineering Design Section  
420 N. 4<sup>th</sup> Street  
Las Vegas, NV 89101

Attention: Michael Sturdivant, P.E., Project Manager

SUBJECT: Water Plan Review – CLV SID No. 1507 – JONES BOULEVARD IMPROVEMENTS  
ELKHORN ROAD TO HORSE DRIVE  
Interlocal Agreement #113133

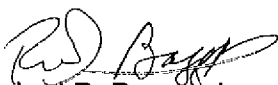

The 90% submittal for the subject project has been reviewed and the water plan check prints and checklist have been forwarded to your engineer. The Interlocal Agreement and the Application for Connection are being transmitted directly to you for your action, along with a copy of the checklist. The fees for this project, as shown on the application, will be **\$850**.

The attached Interlocal Agreement will be presented to our Board of Directors for approval on December 6, 2007. It is our understanding that it will be presented to the City Council for approval in November or December 2007. If there are any changes to the date for council approval, please notify me. After council approval, please return both copies of the signed agreement to the District. After the agreement is executed by the District, one will be forwarded to you for your records.

To obtain approval of the water plan for construction, the District must be in receipt of the properly signed Interlocal Agreement, the properly executed application, the required Affidavits of Waiver and Consent to Inclusion Agreements, and the required fees. The plans may then be submitted to the Engineering Services Division for signature, as identified in their checklist.

If you have any questions, please contact Bonnie Batchelder at 258-3294.

Sincerely,

  
Robert D. Baggs, Jr.  
Development Services Administrator
