Extension of Time

Las Vegas City Council:

Please accept this letter as a request for a two year extension of time on the subject variance. Our intent was to start construction two years ago, however, shortly afterward, Sandy's mother, Pegi Dean, was diagnosed with lung cancer and then mesothelioma. She lived with us so that we could care for her during her chemo treatments and during this ordeal. There was no way that we could undertake a major addition to our home during this period. Pegi passed on January 24th of this year. Our situation is returning to normal and we are now in a position to pick up where we left off and move forward with the addition to our home. Thank you for your understanding of this matter.

Sincerely,

Paul Brosseau
