ANALYSIS

This is the first requested extension of time for the proposed Site Development Plan Review (SDR-20523) since the initial approval granted by the City Council on 06/06/07. In the time since the initial approval, the applicant has shown moderate progress in building the proposed 535-unit condominium development. Although the applicant has submitted plans for civil improvements, there have been no Plan Checks issued for construction on this site. A Tentative Map (TMP-21699) was approved but will expire on 06/28/07 unless a Final Map is recorded.

FINDINGS

The applicant has shown moderate progress towards the finalization of the requested Site Development Plan Review (SDR-20523) in obtaining civil plans but will need more time in order to obtain the necessary plan checks and related building permits to finalize this review. Staff

recommends a two-year Extension of Time to expire on 5/16/10, unless another Extension of Time is granted by the City Council.
