RE: SUP 20198 Special Use Permit

To Whom It May Concern:

Attached, please find our application for an extension of time to obtain a business license.

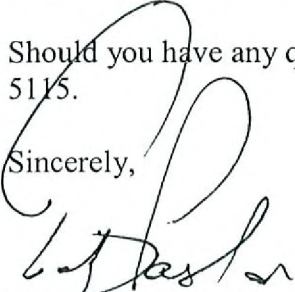

Per our approval and notice of final action dated May 17, 2007, we were granted a special use permit in advance of our purchase of the 104,000 square foot building at 2260 South Rainbow. Since our purchase on June 1, 2007, we have been actively involved in the planning and architectural drawings of our dealership at this location.

On October 22, 2007, we submitted to the City Building department, our plans for approval. We were granted a building permit on March 17, 2008. As you can see, the permit process took five months. We are currently under construction and anticipate completion near the end of 2008. Out of an abundance of caution, we would like to request a one-year extension of our special use permit with its expiration on May 17, 2009.

We look forward to a successful project and making a substantial contribution to the commercial activities in the general area of our dealership location.

Should you have any questions or concerns, please don't hesitate to contact me at (702) 938-5115.

Sincerely,

Timothy Cashman
MANAGER
SAMM Rainbow, LLC.
