Re: Request for Special Use Permit
Location: 232 N. Jones Blvd

To Whom It May Concern:

This is a request for a special use permit to apply for a privilege license for package liquor to be sold at an Asian food grocery store named 95 Pacific Supermart, currently under development at the above location. The project involves interior remodeling / tenant improvements of an existing building to accommodate retail sales of grocery items including package liquor. No exterior remodeling or landscaping is proposed or planned at this time.

Thank you for your time.
