RE: Special Use Permit (SUP-12936) 2021 West Bonanza
APN# 139-28-401-001

To Whom It May Concern:

In addition to the Required Review being submitted, Clear Channel Outdoor is asking for a Review and Waiver of Conditions imposed by the original SUP (12936).

With the newly adopted ordinance allowing for LED's adjacent to freeways, we humbly request condition number 9 ("There shall be no reader board nor shall the static board be replaced with LED") be waived from our standard conditions of approval, therefore allowing Clear Channel Outdoor the right to apply for LED's through the administrative process.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read 'Rod Carter', with a long horizontal stroke extending to the right.
