PLANNING COMMISSION MEETING OF: JUNE 26, 2008

PETER LOWENSTEIN, Planning and Development Department, stated the site plan had been revised since the 6/10/2008 Planning Commission meeting and noted the on-site traffic circulation has been improved. He recommended approval.

LYNN AFFLECK, 4987 Idaho Avenue, appeared with MARCEL and UZOMA EZEOKÉ, the applicants. MR. AFFLECK briefly went over the site plan, pointing out the improved traffic circulation and the reduced building size.

CHAIR GOYNES expressed concern with the possibility that the bars of the wrought iron fence would be pulled apart to allow cut through pedestrian traffic. MR. EZEOKÉ stated the gauge of wrought iron that would make up the fence is resistant to pulling.

EDDIE WATSON, 1624 J Street, and ROBERT WHITE, 1248 Bartley Avenue, appeared in support. MR. WATSON stated that the applicant has gone above and beyond what was required and emphasized the applicant's dedication to the community.

COMMISSIONER TRUESDELL thanked the applicant for addressing the site circulation concerns, stating that his site plan was a much better presentation to the community.

COMMISSIONER TRUBRIDGE noted that the project's only concern pertained to the site's traffic circulation and that applicant addressed that issue. He expressed his support.

CHAIR GOYNES declared the public hearing closed.
