**STAFF RECOMMENDATION: DENIAL.** If Approved, subject to:

**Planning and Development**

1. Conformance to the conditions for Site Development Plan Review (SDR-26818) if approved.
2. This approval shall be void two years from the date of final approval, unless a certificate of occupancy has been issued or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

The site plan displays a total of 29 parking spaces of which 13 are compact and two are handicap spaces. Title 19 requires a total of 32 parking spaces for a Church/House of Worship use and only allows a maximum of eight compact parking spaces. This request constitutes a 9% deviation from the amount of parking required and a 62.5% deviation the maximum compact spaces allowed. Staff cannot support the over-building of the site as it is the result of a self-imposed hardship.

<i>Field Check</i>	
12/05/07	The entrance to this building is on 15 <sup>th</sup> Street. The area in front of building is asphalt with a palm tree in planter box in the front. A drive through aisle and window is located on the Stewart Street side. The planter width on the east interior perimeter appears to be approximately three feet wide. The large pine tree shown on the site plan is located on the neighboring property to the east.

**ANALYSIS**

The site plan displays a total of 29 parking spaces of which 13 are compact and two are handicap spaces. The proposed use of a Church/House of Worship requires a total of 32 parking spaces and only allows a maximum of eight compact parking spaces. The proposed 1,056 square-foot addition to the existing 4,161 square-foot building reduces the amount of parking provided thereby requiring this Variance. This over-building is causing the subject site not to be in conformance with Title 19 parking standards; therefore staff recommends denial of this request.

**FINDINGS**

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070L states:

Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.

**VAR-27929 - Staff Report Page Four**  
**June 12, 2008 - Planning Commission Meeting**

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by over-building the subject site. Alternatively, not constructing the proposed addition would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the sites physical characteristics, it is concluded that the applicants hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
