ANALYSIS

•Zoning

The subject site is currently zoned T-C (Town Center) with a UC-TC (Urban Center Mixed Use) General Plan designation. The proposed Liquor Establishment (Tavern) is within the range of uses permitted with a Special Use Permit in the T-C (Town Center) zoning district and UC-TC (Urban Center Mixed Use) land use designation.

In addition to this application, the applicant has requested a Modification of a Major Modification (MOD-27044) of the Town Center Land Use Plan from UC-TC (Urban Center Mixed Use - Town Center) to GC-TC (General Commercial - Town Center), a Site Development Plan Review (SDR-27051) for a 41,741 square-foot retail and office development with Waivers to allow an eight-foot landscape buffer where a 15-foot buffer is required on Durango Drive, a 15-foot setback where a 20-foot setback is required for a gas station, and Town Center landscape finger requirements within the parking area, and Special Use Permits for a Restaurant with Drive-Through (SUP-

27047), a Convenience Store with Fuel Pumps (SUP-27048), and a Beer/Wine/Cooler Off-Sale Establishment in conjunction with a Convenience Store (SUP-27049).

Please note that the proposed application for a Liquor Establishment (Tavern) and Beer/Wine/Cooler Off-Sale Establishment in conjunction with a Convenience Store (SUP-27049) are permitted with a Special Use Permit in UC-TC (Urban Center Mixed Use). However, the Restaurant with Drive-Through (SUP-27047) and Convenience Store with Fuel Pumps (SUP-27048) are not permitted in UC-TC (Urban Center Mixed Use), but are permitted with a Special Use Permit in GC-TC (General Commercial Town Center), which is in part, the applicants cause for the Major Modification (MOD-27044) request.

•Use

The Town Center Development Standards require a Tavern to be a minimum of 400 feet from any church, synagogue, school, childcare facility licensed for more than twelve children or City park, as measured from property line to property line. In this case, this use meets the minimum distance separation requirements, as no protected uses have been identified within 400 feet. There is no spacing requirement between uses licensed as Taverns or other comparable establishments in Town Center.

•Conditions

The conditions of the Town Center Development Standards Manual Liquor Establishment (Tavern) include the following:

- a. No Tavern shall be located within 400 feet of any church, synagogue, school, or childcare facility licensed for more than 12 children, or park.
- b. Uses licensed as Taverns or other comparable establishments shall have no specific spacing requirements between similar uses.
- c. All businesses that sell alcoholic beverages shall conform to the provisions of Chapter 6.50 of the Las Vegas Municipal Code.

The application as proposed appears to meet or is capable of meeting all the above applicable conditions of the Town Center Development Standards Manual. Compliance with these standards is made a condition of approval for this report.

FINDINGS

The following findings must be made for a Special Use Permit:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The Town Center Development Standards require a Liquor Establishment (Tavern) to be a minimum of 400 feet from any church, synagogue, school, childcare facility licensed for more than twelve children or City Park, as measured from property line to property line. In this case, this use meets the minimum distance separation requirements, as no protected uses have been identified within 400 feet of the subject property.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

Under the current UC-TC (Urban Center Town Center) land use designation for the site, the subject site is physically suitable for a proposed Liquor Establishment (Tavern).

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The subject property fronts on Durango Drive, which is designed as a 120-foot wide Primary Arterial street on the Master Plan of Streets and Highways, and accesses Deer Springs Way, which is designated as an 80-foot wide Secondary Collector street. Access is also proposed to a local street along the north side of the property. Durango Drive and Deer Springs Way will provide adequate access to the development.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

A Liquor Establishment (Tavern) use will be subject to regular City and County inspections for licensing; therefore, public health, safety, and welfare will not be compromised.
