ANALYSIS

•Zoning

The subject site is currently zoned T-C (Town Center) with a UC-TC (Urban Center Mixed Use) General Plan designation. The proposed Beer/Wine/Cooler Off-Sale Establishment is within the range of uses permitted with a Special Use Permit in the T-C (Town Center) zoning district and UC-TC (Urban Center Mixed Use) land use designation.

In addition to this application, the applicant has requested a Modification of a Major Modification (MOD-27044) of the Town Center Land Use Plan from UC-TC (Urban Center Mixed Use - Town Center) to GC-TC (General Commercial - Town Center), a Site Development Plan Review (SDR-27051) for a 41,741 square-foot retail and office development with Waivers to allow an eight-foot landscape buffer where a 15-foot buffer is required on Durango Drive, a 15-foot setback where a 20-foot setback is required for a gas station, and Town Center landscape finger requirements within the

parking area, and Special Use Permits for a Restaurant with Drive-Through (SUP-27047), a Convenience Store with Fuel Pumps (SUP-27048) and a Liquor Establishment [Tavern (SUP-27046)].

Please note that the proposed application for a Beer/Wine/Cooler Off-Sale Establishment in conjunction with a Convenience Store and Liquor Establishment [Tavern (SUP-27046)] are permitted with a Special Use Permit in UC-TC (Urban Center Mixed Use). However, the Restaurant with Drive-Through (SUP-27047) and Convenience Store with Fuel Pumps (SUP-27048) are not permitted in UC-TC (Urban Center Mixed Use), but are permitted with a Special Use Permit in GC-TC (General Commercial Town Center), which is in part, the applicants cause for the Major Modification (MOD-27044) request.

- **Use**

Beer/Wine/Cooler/Off-Sale Establishment is defined as an establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers to consumers only and not for resale, in original sealed or corked containers, for consumption off the premises where the same are sold, and is operated in connection with a grocery store, drug store, convenience store or specialty merchandise store.

The proposed 3,275 square-foot Convenience Store will sell beer, wine and coolers in conjunction with their retail goods. The floor-plan does not designate the location for the sell of beer, wine and coolers.

- **Conditions**

Per Town Center Development Manual, the use shall comply with all minimum conditions, standards and requirements applicable to the use Beer/Wine/Cooler/Off-Sale Establishment, under LVMC 19.04.050. The proposed use meets or exceeds the following minimum Special Use Permit Requirements per Title 19.04:

- (1) Except as otherwise provided in this Chapter, no beer/wine/cooler on-sale establishment (hereinafter establishment) shall be located within 400 Feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.
- (2) Except as otherwise provided in Requirement (3) below, the distances referred to in Requirement (1) shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line

without regard to intervening obstacles. For purposes of measurement, the term property line refers to property lines of fee interest parcels and does not include the property line of:

- (a) Any leasehold parcel; or
 - (b) Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Requirement (1).
- (3) In the case of an establishment proposed to be located on a parcel of at least eighty acres in size, the minimum distances referred to in Requirement (1) shall be measured in a straight line:
- (a) From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or
 - (b) In the case of a proposed establishment which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the establishment will be located, without regard to intervening obstacles.
- (4) When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Paragraph (1), the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.
- (5) The minimum distance requirements in Paragraph (1) do not apply to:
- (a) An establishment which has a non-restricted gaming license in connection with a hotel having two hundred or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of two hundred guest rooms after July 1, 1992; or
 - (b) A proposed establishment having more than fifty thousand square feet of retail floor space.
- (*6) All businesses which sell alcoholic beverages shall conform to the provisions of Chapter 6.50 of the Las Vegas Municipal Code.

FINDINGS

The following findings must be made for a Special Use Permit:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The Town Center Development Standards require a Beer/Wine/Cooler/Off-Sale Establishment to be a minimum of 400 feet from any church, synagogue, school, childcare facility licensed for more than twelve children or City Park, as measured from property line to property line. In this case, this use meets the minimum distance separation requirements, as no protected uses have been identified within 400 feet of the subject property.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

Under the current UC-TC (Urban Center Town Center) land use designation for the site, the subject site is physically suitable for a proposed Beer/Wine/Cooler Off-Sale Establishment.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The subject property fronts on Durango Drive, which is designed as a 120-foot wide Primary Arterial street on the Master Plan of Streets and Highways, and accesses Deer Springs Way, which is designated as an 80-foot wide Secondary Collector street. Access is also proposed to a local street along the north side of the property. Deer Springs Way and Durango Drive will provide adequate access to the development.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

A Beer/Wine/Cooler Off-Sale Establishment use will be subject to regular City and County inspections for licensing; therefore, public health, safety, and welfare will not be compromised.
