RE: SUP-28274
Item #14 on the 7-24-08 Planning Commission Agenda

Dear Peter,

Nevada Power Company is respectfully requesting that the above item be stricken from the July 24, 2008 Planning Commission Agenda and that this application be rescinded. Nevada Power Company is working with Staff to apply for a Review of Conditions of Z-108-97, a new Special Use Permit to allow a 100-foot tower with a 25-foot whip antenna and a Variance of the setback to residential. Approval of the new applications would allow consolidation of the new equipment onto the existing 55-foot communications tower.

Should you have any questions, please feel free to call me at 402-2421.

Thank you for your assistance with this matter.

Sincerely,

Michelle Baltz, SR/WA
Senior Land Use Consultant
