ANALYSIS

This is the first extension of time request for the approved Special Use Permit (SUP-9921). Since the original approval on 01/18/06 the applicant has been issued four building permits for Single Family Dwellings, which were approved under Plan Check #24614. It is important to note that the permits issued under the approved plan check will expire on 07/10/08, unless an extension of time on the building permit is issued. The applicant is seeking a two-year Extension of Time for this Special Use Permit (SUP-9921) as the building permits are expected to expire -which would cause this entitlement to expire.

FINDINGS

The applicant has made progress in constructing the proposed residential portion of the Mixed-Use Development by recording a Final Map (FMP-21718) and having four building permits issued under the approved plan check #24614. Staff recommends approval of this request with a two-year time limit. Conformance to the conditions of approval for Special Use Permit (SUP-9921) shall be required.
