The property is legally described as a 60-foot wide public right-of-way generally located east of Tenaya Way, approximately 950 feet north of Westcliff Drive.

Said property being a portion of the South Half (S^{1/2}) of the North Half (N^{1/2}) of the Northwest Quarter (NW^{1/4}) of the Southwest Quarter (SW^{1/4}) of the Southeast Quarter (SE^{1/4}) of Section 27, Township 20 South, Range 60 East, M.D.M.

ANALYSIS

- **Planning and Development**

A Site Development Plan Review (SDR-27497) if approved would eliminate the potential for the right-of-way originally anticipated under the existing Bureau of Land Management grant. This then requires that a vacation be approved and recorded in order to develop the site as reviewed.

Planning staff has no objection to the vacation request. No adverse affects to traffic circulation or site access would result with the proposed vacation.

- **Public Works**

We present the following information concerning this request to vacate certain public street ROW:

A. Does this vacation request result in uniform or non-uniform right-of-way widths? *Not applicable as it is to vacate the existing Bureau of Land Management*

right-of-way grant.

- B. From a traffic handling viewpoint will this vacation request result in a reduced traffic handling capability? *No, since the area to be vacated is not being utilized as a road.*
- C. Does it appear that the vacation request involves only excess right-of-way? *No, it is to eliminate a Bureau of Land Management right-of-way grant.*
- D. Does this vacation request coincide with development plans of the adjacent parcels? *Yes, the Tapestry subdivision..*
- E. Does this vacation request eliminate public street access to any abutting parcel? *No.*
- F. Does this vacation request result in a conflict with any existing City requirements? *No.*
- G. Does the Department of Public Works have an objection to this vacation request? *No.*
