Project of Regional Significance	X		Yes

Pursuant to Ordinance #5477, the proposed Special Use Permit request has been deemed a Project of Regional Significance, as it concerns property located within 500 feet of the city boundary with Clark County. A questionnaire describing the impacts of the project to the area was submitted to various regional agencies for review. As of 04/29/08, no comments have been received.

Pursuant to Title 19.10, the following parking standards apply:

Parking Requirement							
Use	Gross Floor Area or Number of Units	Required			Provided		Compliance
		Parking Ratio	Parking		Parking		
			Regular	Handi-capped	Regular	Handi-capped	
Social Service Provider	3,000 SF	1:300 s.f.	9	1	103	3	
TOTAL (including handicap)			10		106		Y

This is a parking impaired development as indicated in Title 19: *A land use or building which is existing on the effective date of this Title and which complied with applicable parking standards at the time the use or building was established, but which does not comply with the requirements of this Section, shall not be considered a nonconforming use or nonconforming building; but rather, it shall be considered a parking-impaired development.*

The previous tenant, Asset Protection Group, was a general retail store (less than 3500 square-feet), requiring one parking space for each 175 square-feet of gross floor area which is more intensive than the proposed social service provider which requires one parking space per 300 square-feet of gross floor area. The proposed social service provider would not negatively impact the parking for the subject site.

ANALYSIS

- **Land Use and Zoning**

The subject site is located within the C-1 (Limited Commercial) zoning district and is in conformance with the existing SC (Service Commercial) general plan land use designation. A Social Service Provider use is permitted in areas zoned C-1 (Limited Commercial) upon approval of a Special Use Permit by City Council.

As per Title 19.04 a Social Service Provider is *a facility that provides assistance to persons with limited ability for self-care, but for whom medical care is not a major element. This use includes a facility that provides assistance concerning psychological problems, employment, learning disabilities, but does not include a rescue mission, homeless shelter or an adult day care center.*

The applicant is a nonprofit organization that provides free nutritional education and counseling to women and children under the age of five. The proposed location is within a 3,000 square-foot space in an existing 29,156 square-foot commercial center on west Sahara Avenue. Operating hours are Monday through Friday, with hours from 7:30 a.m. through 4:30 p.m. Eight employees provide services for up to 75 patients a day. The center provides training classes each day for as many as 15 patients.

Parking is available in front and in back of the building. A bus stop is located approximately .24 of a mile west of the subject site on West Sahara Avenue and is the primary mode of transportation utilized by the patients.

- **Conditions**

Per Title 19.04.010, the Social Service Provider use does not have Minimum Special Use Permit Requirements. However, staff recommends the following conditions so as to ensure that the use remains compatible with the adjacent single-family residences to the south of the subject property and does not impact the businesses within the center:

- Hours of operation are 7:30 a.m. to 4:30 p.m., Monday through Friday.
- Signage shall be posted requiring no loitering on the premises.
- The reception area shall provide sufficient space to accommodate clients and remain open during the lunch hour.

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Social Service Provider use will be located within an existing commercial center and has provided the appropriate amount of required parking. The location of the proposed use faces towards West Sahara Avenue behind a parking lot. Staff finds that this use, upon conformance with the required conditions of approval, can be operated in a manner that is compatible with the existing and future surrounding land uses in the area.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The subject site is an existing commercial / retail center and can accommodate the Social Service Provider use.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Vehicular access to the subject site is provided by Sahara Avenue, a 100-foot Primary Arterial, as categorized by the city's Master Plan of Streets and Highways. West Sahara Avenue is also served by the Citizen Area Transit Bus Route #204 with the closest bus stops located at South Decatur Boulevard (#103) and Arville Street.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

The proposed Social Service Provider use seeks to provide nutritional counseling to the caregivers of infants and children up to five-years old. The applicant is a Federally-funded organization that seeks to improve the public health, safety, and welfare of a portion of the public that does not have access to adequate nutrition. Staff is aware of the concerns from the neighboring single family properties to the south of this property. Therefore, staff has conditioned the approval of this request pending the provision of adequate indoor waiting areas between the hours of 7:30 a.m. and 4:30 p.m. including the lunch hour.

5. The use meets all of the applicable conditions per Title 19.04.

There are no applicable conditions listed for the Social Service Provider use in the C-1 (Limited Commercial) zoning district. However, specific conditions regarding the hours of operation, provision of an indoor waiting area that will accommodate the maximum expected amount of clients, and the posting of signage prohibiting public loitering, have been placed on this request.
