The Planning Dept.  
City of Las Vegas

Sub: 6840 W. Sahara Ave. Las Vegas . Application for wine and beer -  
Permission-Req.

We wish to open an Indian Restaurant at 6840 W. Sahara Ave. Las Vegas a fine dining facility With wine and beer served on the premisis along with food. The building is independently owned but located in the business complex. It has 125 seating capacity with ample parking of more than 28 spots. No schools, public parks, daycare centers and houses in the vicinity. There is one religious organization by name "Potters House" which is more than 600 feet away from my restaurant. It is not a full time religious facility but operated a few hours in a week. One restaurant by name "Hash House" which is in close proximity of about 100 feet from Potters House has full service bar. Another restaurant "Buffet @ Asia which is next to mine also has full service bar.

The sub-clause '0' distance separation from religious facility because of my building is located in the same commercial sub-division may please be waived as a special consideration to encourage ethnic restaurants to survive in the city.

I request you to examine my request as a special case and accord permission to serve wine and beer on the premisis

Thank you.
