ANALYSIS

This is the first request for a two-year Extension of Time for an approved Site Development Plan Review (SDR-12128) for a proposed 348-unit, 4-story Multi-Family Development. Since the 08/16/06 approval granted by the City Council, the applicant has not submitted any civil plans for review or requested any building permits for the proposed construction. Although the Mobile Home Park is vacant there are no signs of demolition, site grading, or construction staging in preparation for the development of an apartment building.

FINDINGS

The proposed 348-unit, 4-story Multi-Family Development remains compatible with the area as there have been no significant changes in land use to the surrounding area since the initial approval. Staff recommends approval of this Extension of Time request with a two-year time limit which will expire on 08/16/10, unless another Extension of Time is approved by the City Council.
