RE: SEC Tenaya & Summerlin Pkwy.
APN 138-27-801-004, & pt of 006

Dear Sir or Madam:

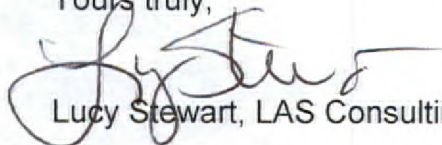

Please accept this letter as our request for a vacation of right of way and easements. At their November 21, 2007 meeting, the City Council approved the development agreement between the city and The Tapestry Group, allowing for this project to move forward with the entitlement process.

This project is in an area that has condominiums, apartments and compact lot homes. This type of land use is consistent with the existing land uses in the area. This project is a for rent, gated project with apartment buildings along Summerlin Pkwy and the east property line (by the bank building) and the units next to the existing townhouses are townhouse style units. This will be a gated community with main access from Westcliff and emergency access to Tenaya. This is workforce housing with a variety of amenities-24 hour security, screened tenants, business center, community center, on-site management, 1,2, & 3 bedroom units, swimming & wading pool, fitness center and walking trail, just to name a few. There will be extensive desert landscaping on site and around the perimeter. This will be a tremendous asset to the neighborhood and provide a buffer between the existing condominiums and the noise of Summerlin Parkway.

There are easements running through the property and they need to be vacated in order for this project in order to move forward.

Thank you for your consideration in this matter. Please contact me with any questions regarding this matter.

Yours truly,

Lucy Stewart, LAS Consulting, Inc.
