<i>Neighborhood Meeting</i>	
07/01/08	<p>A neighborhood meeting was held on Tuesday, July 1, 2008 at 5:30 p.m. at the YMCA Club in the CLV Community Resource Room located at 6601 North Buffalo Drive. There were 29 members of the public, seven representatives of the applicant and two city staff were present.</p> <p>The applicant and one of the proposed tenants offered a presentation on the proposed development. Members of the public raised the following questions and concerns:</p> <ul style="list-style-type: none"> * Concerns were raised regarding the height of the hotel building (the applicant explained that the building would be approximately 55 to 60 feet in height). Some members of the public requested that the height be reduced to three stories, and stated that five-story buildings were inappropriate in that area (the east side of the freeway). * Several concerns were expressed regarding traffic flow and the amount of traffic generated by the development. The applicant noted that the traffic study for the project had already been completed, and was being reviewed by city staff. Specific concerns were raised about northbound traffic coming out of the development onto Farm Road, potential increases in traffic on Tule Springs, construction traffic on eastbound Farm Road, and whether or not a traffic light could be installed at the entrance to the development. * One member of the public stated that the hotel use was inappropriate for the site; others questioned the viability of the hotel based on the proximity of the Santa Fe Hotel/Casino and the new hotel/casino at the Kyle Canyon development. * Questions were raised relative to the other tenants proposed for the site and the ability of the developer to lease the retail space based on current market conditions. * Concerns were raised regarding the carwash and any buffers that would be provided to screen the use, and whether the use was necessary. * Questions were raised regarding impacts to the homes that are proposed abutting the site in the Village of Centennial Springs development. * Concerns were raised relative to the signage proposed for the site; the applicant stated that they would comply with the Town Center requirements.
<i>Field Check</i>	
07/01/08	<p>A field check was made on site. The site is currently an undeveloped property that is juxtaposed between two major streets. To the south of this property is a mixed-use development that is under construction and across Farm Road to the north is a large shopping center.</p>

**Parking spaces dimensions and striping do not meet accessible parking standards. A condition has been added in Site Development Plan Review (SDR-28535).

ANALYSIS

The subject site is currently zoned T-C (Town Center) with a SC-TC (Service Commercial Town Center) Special Land Use designation. The applicant is proposing a Major Modification (MOD-28538) of the Town Center Land Use Plan to GC-TC (General Commercial Town Center). The proposed Gaming Establishment, Restricted License use is within the range of uses permitted with a Special Use Permit in the GC-TC (General Commercial - Town Center) Special Land Use designation; however the proposed use does not meet the distance separation requirements, which

state that a Gaming Establishment, Restricted License may not locate within 330 feet of any single-family detached dwelling. The proposed use will be located zero feet south of single-family detached dwellings, which were approved by a Final Map Technical Review (FMP-11626) on 03/06/06. In conjunction with this application, the applicant has proposed a Special Use Permit (SUP-28542) for a proposed 8,075 square-foot Liquor Establishment (Tavern).

In addition to this application, the applicant has proposed a Variance (VAR-28540) to allow a 60-foot setback, where Residential Adjacency Standards require 185 feet for a proposed Hotel; a Special Use Permit (SUP-28544) for a proposed 5,100 square-foot Convenience Store with Fuel Pumps an associate Gaming Establishment, Restricted License Special Use Permit (SUP-28713), and a Special Use Permit (SUP-28868) for Accessory Package Liquor Off-Sale; a Special Use Permit (SUP-28545) for a proposed 2,200 square-foot Restaurant (with Drive Through); a Special Use Permit (SUP-28546) for a proposed Hotel with a Waiver to allow a zero-foot separation from a single-family detached dwelling, where 330 feet is required; a Special Use Permit (SUP-28547) for a proposed Car Wash (with Drive-Through) in conjunction with a proposed Convenience Store (with Fuel Pumps); a Petition to Vacate (VAC-28548) a portion of Durango Drive and a portion of Farm Road generally located on the southeast corner of Durango Drive and Farm Road; and Site Development Plan Review (SDR-28535) for a 139-room five-story Hotel and a 64,700 square-foot retail development with Waivers to allow a five-story building where two stories is the maximum height permitted and a 15-foot setback, where a 20-foot setback is required for retail buildings on 7.97 acres at the southwest corner of Durango Drive and Farm Road.

- **Use**

The proposed Gaming Establishment, Restricted License will operate as an accessory use within an 8,075 square-foot Liquor Establishment (Tavern). The floor plan does not indicate where the fifteen slot machines will be located in the Tavern.

- **Conditions**

The Town Center Development Standards Manual provides the following base conditions of approval.

Gaming Establishment, Restricted License

- a. A Special Use Permit is required for any new gaming establishment
- b. May not locate within 330 feet of any single-family attached dwelling.

The use fails to meet Town Center Development Standards Manual requirements for distance separation from single-family attached dwelling.

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed use is part of a development that is not compatible and harmonious with surrounding development as the proposed use necessitates a Waiver of distance separation requirements from a single-family detached dwelling.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The site is not physically suitable for this type of use and intensity of land use. The distance separation requirements established by the Town Center Development Standards Manual and the applicants need for a Waiver indicate that other sites within the Town Center area would be better suited for this type of use.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The subject property fronts on Durango Drive, which is designed as a 100-foot wide Primary Arterial by the Town Center Street Classification Map Six, and accesses Farm Road, which is designated as an 80-foot wide Arterial/Secondary Collector. Farm Road is the only street that the property takes access from and will provide adequate service for the proposed project.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

A Gaming Establishment, Restricted License use will be subject to regular City and County inspections for licensing; therefore, public health, safety, and welfare will not be compromised.

- 5. The use meets all of the applicable conditions per Title 19.04.**

The use does not meet the distance separation requirement as the proposed use is zero feet, where 330 feet is the required distance from any single-family attached dwelling.
