

Las Vegas, June 16th, 2008

*City of Las Vegas
Variance's commission.*

Sirs.

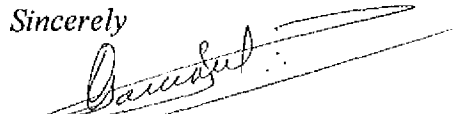

I'm soliciting at City of Las Vegas Commission, a Variance because the addition in the back yard of my property is at 3 feet separation of the rear fence, instead of 10 feet established where my home zone.

I made this addition to my home because my son (24 years old) will get married very soon , I'm 65 and next year I will be retired.

I need that my son and his wife live in this addition with privacy and by this manner I can continue paying my home mortgage and living in family.

Please approve my petition.

Sincerely

*Domingo Garcia
