Dear Mr. Bratcher:

I am an owner of K.V. Mart, which has been in the full service supermarket business in Southern California for 32 years. In 2001 I launched Buy Low Markets and now I am taking this format out to the West Las Vegas community located at 1061 W. Owens in the Edmond Town Center (old existing Von's). For Buy Low to operate a full service market we are in need of a Liquor License.

We anticipate opening the doors the first part of October and our intentions are to become a valuable asset to this community.

We appreciate your assistance in making this possible.

Sincerely,

Paul Vazir
President
