## ANALYSIS

This is the first request for an extension of time of an approved Site Development Plan Review (SDR-12380). Since the date of the initial approval the applicant has had a Tentative Map (TMP-17493) approved for a single-lot commercial subdivision. To date, a Final Map for the proposed commercial subdivision has not been submitted for recordation. The recordation of said map will create the master site address from which the required building permits will be issued. In order to fully exercise the approved Site Development Plan Review (SDR-12380) the applicant must have building permits issued under an approved plans check, which has yet to be accomplished.

**FINDINGS**

Staff finds that the applicant has made suitable progress in moving this development proposal forward. Staff recommends approval of this request with a two-year extension of time, which will expire on 06/07/10 unless another extension of time is approved by the City Council.
