**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a request for a Special Use Permit for a Gaming Establishment, Restricted License with a Waiver to allow a distance separation of 115 feet from a single-family dwelling where 330 feet is required in conjunction with a proposed 2,746 square-foot Convenience Store within an approved Shopping Center at 6410 North Durango Drive Suite #105. Special Use Permit (SUP-27947) for a Beer/Wine/Cooler Off-Sale Establishment within the subject location has been submitted as a companion item to this application. As the proposed Gaming Establishment, Restricted License use does not meet the applicable requirements of the Town Center Development Standards Manual due to the Waiver requested, staff recommends denial of this request.

\* Development within Town Center is subject to the Town Center Development Standards and the Town Center Land Use chapter of the Centennial Hills Sector Plan. The original Site Development Plan Review (SDR-17735) for this development was approved by the City Council with waivers to the Town Center Standards; therefore this project is in compliance.

\*\* There are two trails that are adjacent to the subject property, a Town Center Parkway Trail adjacent to Durango Drive and a Multi-Use Transportation Trail, as shown on Map 6 of the Master Plan Transportation Trails Element adjacent to this northern edge of this site. The trail adjacent to Durango Drive will be constructed in conjunction with the development of the subject property, while the trail to the north of the subject parcel parallel to the 215 beltway will be installed by the City of Las Vegas at a future date.

\*\*\* The Project of Regional Significance was submitted and sent out on 05/08/08. No comments have been received from the agencies notified.

To allow a distance separation of 115 feet from a single-family dwelling	May not locate within 330 feet of any single-family detached dwelling	Denial

**ANALYSIS**

- **Zoning**

The subject site is currently zoned T-C (Town Center) with a TC (Town Center) General Plan designation and a special land use designation of SC-TC (Service Commercial Town Center). The proposed Gaming Establishment, Restricted License use is within the range of uses permitted with a Special Use Permit in the T-C (Town Center) zoning district and SC-TC (Service Commercial Town Center) special land use designation; however the proposed use does not meet the distance separation requirements, which state that a Gaming Establishment, Restricted License may not locate within 330 feet of any single-family detached dwelling. The proposed use will be located 115 feet north of a single-family detached home.

- **Use**

The proposed Gaming Establishment, Restricted License will operate as an accessory use within a planned 2,746 square-foot Convenience Store. The site plan indicates a small area near the front entry will contain seven gaming machines, currently denoted on the floor plan as a slot area. No other gaming or gaming related devices are indicated on the floor plan.

- **Conditions**

The Town Center Development Standards Manual provides the following base conditions of approval:

Gaming Establishment, Restricted License

- a. A Special Use Permit is required for any new gaming establishment.
- b. May not locate within 330 feet of any single family detached dwelling.

## **FINDINGS**

The following findings must be made for a Special Use Permit:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed use can not be conducted in a manner that is harmonious and compatible with existing and surrounding land uses as the proposed use necessitates a Waiver of distance separation requirements from a single-family detached dwelling.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The site is not physically suitable for this type of use and intensity of land use. The SC-TC (Service Commercial Town Center) district allows low to medium intensity retail, office, or other commercial uses that are intended to serve primarily the Centennial Hills area and does not include more intense general commercial characteristics; however the distance separation requirements established by the Town Center Development Standards Manual and the applicants need for a Waiver indicate that other sites within the Town Center area would be better suited for this type of use.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The subject site accesses Durango Drive, 120-foot wide Town Center Parkway Arterial and Centennial Parkway, a 90-foot Frontage Road. The roadway network has adequate capacity to serve the proposed use.

**4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed use will be subject to regular inspections for licensing and will therefore not compromise the public health, safety and welfare or the overall objects of the General Plan.

**5. The use meets all of the applicable conditions per Title 19.04.**

The proposed use does not meet the applicable conditions of the Town Center Development Standards manual, as it is located 115 feet north of a single-family detached home where the Town Center Development Standards Manual requires a minimum distance separation of 330 feet.
