CITY COUNCIL MEETING OF
August 6, 2008
VERBATIM TRANSCRIPT ITEM 94

MAYOR GOODMAN

Well call 94. Ninety-four is SUP-27424, Special Use Permit. The applicant is Cricket Communications. The owners Nevada Power Company, request for a special use permit for the proposed co-location of antennas and 10-foot extension to an existing 60-foot tall wireless communication facility, non-stealth design at 600 North Eastern Avenue in Ward 3. Yes, Sir?

JASON FRAYER

Good afternoon. Jason Frayer, on behalf of the applicant, 1181 Greer. This is adding a 10-foot extension, three antennas onto an existing 60-foot monopole on a Nevada Power substation, as already mentioned. We agree with all staffs recommendations and conditions and happy to answer any questions.

MAYOR GOODMAN

All right. Any questions of the gentleman?

COUNCILMAN REESE

I dont have any questions, a comment. I can approve everything, except the 10-foot extension; 60-foot is high enough.

JASON FRAYER

Okay. The reason were asking for the extension is you have two carriers on this already

COUNCILMAN REESE

Thats enough.

JASON FRAYER

and its 30 feet

COUNCILMAN REESE

no ten feet.

JASON FRAYER

Were limited at what we do right here, because there are no other options. Well

COUNCILMAN REESE

This is what we hear all the time. There is no other option. This is what we have. And we just keep going up higher and higher and higher and higher and higher. Theyre uglier than Hades, and I hate em. And, if you can go with 60 feet, fine; if you cant, well deny it.

JASON FRAYER

At 60 feet, there is already a carrier there.

COUNCILMAN REESE

Theres two carriers?

JASON FRAYER

Correct. Theres a carrier at 60 feet, and theres a carrier at 50 feet, as this shows, and its a photo simulation of what the extension would be.

COUNCILMAN REESE

My **motion is for denial of this item**, please.

MAYOR GOODMAN

CITY COUNCIL MEETING OF
