**Re: International Brotherhood Of Electrical Workers Union Hall
Vacation of an existing Drainage Easement
Lochsa Project No. 081005**

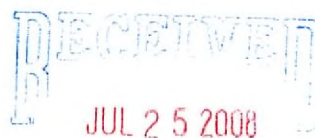

Dear Sir or Madam:

Lochsa Engineering has been retained by the local I.B.E.W. to design a new location for their Union meeting hall and offices. The proposed location is on the northwest corner of Lamb and Harris (APN: 140-30-701-009 & 010). Presently there is an existing drainage easement that runs through our site for use by the residential development to the west of us. We are proposing to vacate the existing easement and relocate it to better serve our project layout. The vacation will not affect any drainage patterns or their rights to drain across our site.

Please feel free to contact myself with any questions at (702) 365-9312. Thank you.

Sincerely,
LOCHSA ENGINEERING

Guy Morris, P.E.
Associate
