**** STAFF REPORT ****

PROJECT DESCRIPTION

This application is a request to amend a portion of the Southeast Sector Plan of the General Plan from O (Office) to SC (Service Commercial) on 0.78 acres at the southwest corner of Charleston Boulevard and Pahor Drive.

Staff has determined that the range of uses within the SC (Service Commercial) land use category and the C-1 (Limited Commercial) zoning district are not compatible with the Rancho Charleston Land Use Study, which was developed to preserve the older, stable neighborhoods within the surrounding areas. Therefore, staff recommends denial of this request.

ANALYSIS

- **O (Office) Master Plan Land Use Designation**

The Office category provides for small lot office conversions as a transition along primary and secondary streets from residential and commercial uses, and for large planned office areas. Permitted uses include business, professional, and financial offices as well as offices for individuals, civic, social, fraternal, and other non-profit organizations.

- **SC (Service Commercial) Master Plan Designation**

The applicant is proposing to amend the current O (Office) Master Plan Land Use designation to the SC (Service Commercial) Master Plan Land Use designation to allow low to medium intensity retail, office, or other commercial uses that primarily serve local area patrons. This particular proposal consists of three parcels totaling 0.78 acres.

This amendment was submitted in conjunction with a proposed Rezoning (ZON-29566) from R-1 (Single Family Residential) and P-R (Professional Office and Parking) to C-1 (Limited Commercial). The SC (Service Commercial) designation is not compatible with the Rancho Charleston Land Use Study. The Master Plan Land Use Designation of O (Office) was established to provide a buffer to the older, established neighborhoods surrounding the area; therefore, staff recommends denial of this General Plan Amendment.

FINDINGS

Section 19.18.030.I of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,
2. The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,
3. There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and
4. The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.

October 9, 2008 - Planning Commission Meeting

In regard to 1:

The proposed SC (Service Commercial) Land Use designation for the parcels currently designated as O (Office) is not compatible with the existing O (Office) and L (Low Density Residential) properties that surround the subject sites. The increase in the intensity of use will not only create an incompatibility with the surrounding area, but with the Rancho Charleston Land Use Study. Therefore, staff recommends denial of this request as well as the affiliated application.

In regard to 2:

Staff finds that a commercially zoned district would be inappropriate for this location, as this zoning district is intended to allow retail and general personal services, and may be appropriate for mixed-use developments. This district should be confined to intersections of primary and secondary thoroughfares along major retail corridors.

In regard to 3:

Access to the site is provided by Charleston Boulevard, a 100-foot Primary Arterial as designated by the Master Plan of Streets and Highways. Pahor Drive, a 50-foot local street provides secondary access to the subject site. The three parcels are in an area of the City where all utilities, fire and police services are currently in place and available to the subject area. Therefore, there are adequate facilities available to accommodate the uses and densities permitted by the proposed General Plan Amendment.

In regard to 4:

This proposed amendment does not conform to the Las Vegas 2020 Master Plan or the Rancho Charleston Land Use Study; since the proposed land use designation of SC (Service Commercial) with a C-1 (Limited Commercial) zoning district is incompatible with the existing O (Office) and L (Low Density Residential) land uses that surround the subject properties. Because this application with the affiliated Rezoning (ZON-29566) is not compatible with the surrounding area, staff recommends denial.
