**PROJECT DESCRIPTION**

This is a request for a Variance to allow 1,185 parking spaces where 1,231 parking spaces are required on 33.47 acres at the northwest corner of Rancho Drive and Smoke Ranch Road. The applicant is requesting this Variance to facilitate the construction of a proposed 654-unit Multi-Family residential development on the subject property.

In addition to this request, the applicant has submitted a Rezoning (ZON-29661) to change the zoning designation from C-M (Commercial/Industrial) under Resolution of Intent to R-PD16 (Residential Planned Development - 16 Units per Acre) to R-PD20 (Residential Planned Development - 20 Units per Acre), a Site Development Plan Review (SDR-29658) for a proposed two and three-story multi-family development consisting of 350 condominium units and 304 apartment units and a Variance (VAR-29958) to allow 361,548 square feet of open space in a Residential Planned Development district where 469,577 square feet is required. Staff finds that the proposed development of 654 multi-family units is too intense for the subject property and the proposed 3.74% reduction in parking will create an irreversible permanent parking shortage if this proposal is approved; therefore, denial of this request is recommended.

**BACKGROUND INFORMATION**

<i>Related Relevant City Actions by P&amp;D, Fire, Bldg., etc.</i>	
06/21/89	The City Council approved a Special Use Permit (U-0054-89) for a 12-foot by 24-foot OffPremise Advertising (Billboard) Sign to a height of 40 feet, on property located on the west side of Rancho Drive, approximately 425 feet north of Smoke Ranch Road. The Board of Zoning Adjustment recommended approval of this request.
08/21/91	The City Council approved a Variance (V-0081-91) to allow a three-sided billboard on property located on the northeast corner of Smoke Ranch Road and Decatur Boulevard. This Variance was never exercised. The Board of Zoning Adjustment took no action due to a tie vote.
07/20/94	The City Council approved a Five-Year Review [U-0054-89(1)] on an approved 12 foot by 24 foot OffPremise Advertising (Billboard) Sign to a height of 40 feet, on property located on the west side of Rancho Drive, approximately 425 feet north of Smoke Ranch Road. \* The applicant has submitted this Variance to allow 1,185 parking spaces where 1,231 are required.

**ANALYSIS**

This is a request for a Variance to allow 1,185 parking spaces where 1,231 parking spaces are required to facilitate the construction of a proposed 654-unit Multi-Family residential development at the northwest corner of Rancho Drive and Smoke Ranch Road. The subject property was previously approved for a 535-unit Multi-Family Residential development without the need for a parking Variance. Staff finds that the proposed site is overbuilt in its current configuration, and the approval of a parking Variance for this property will create an irreversible parking shortage for permanent residents of this development. Additionally, a 3.74% reduction in parking will result in illegal parking, homeowner complaints and blocked access routes; therefore, staff recommends denial of this request.

**FINDINGS**

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070L states:

Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by over-building the site. Alternatively, a reduction in scope of the proposed development, or replacing parking intense two and three-bedroom units with studio and one-bedroom units, would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the sites physical characteristics, it is concluded that the applicants hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
