PURPOSE/BACKGROUND:

The city of Las Vegas was invited in February 2008 to submit an application to provide substance abuse treatment, relapse prevention services and comprehensive support services to assist ex-offenders and other hard-to-serve populations. Neighborhood Services submitted a proposal to offer a flexible and comprehensive program which meets the individual needs of its clients, including reintegration and rehabilitation services that would increase the success rate of clients who return to the community as contributing members. On September 1, 2008, the Department of Health and Human Services issued a Notice of Award for \$383,187 to the city of Las Vegas EVOLVE program to administer the aforementioned program.

RECOMMENDATION:

Staff recommends the Mayor and Council approval the acceptance of the Department of Health and Human Services Notice of Award for \$383,187 in grant funds and ratify to the effective date of the award being September 30, 2008.
