**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed Private School, Primary at 9420 West Sahara Avenue, Suite 200. The Private School, Primary is planned within an existing 425,720 square-foot multi-building Shopping Center. The proposed Private School, Primary will occupy a 2,282 square-foot suite on the second floor of an existing 15,506 square-foot two-story Retail and Office building, which is part of a larger existing Shopping Center. As the proposed use demonstrates compliance with the requirements of Title 19, staff recommends approval of this request.

ANALYSIS

This is a request for a 2,282 square-foot Private School, Primary to be located within an existing 425,720 square-foot Shopping Center located at 9420 West Sahara Avenue, Suite 200. The proposed Private School, Primary will be located on the second floor of an existing 15,506 two-story Office and Retail building, which is located within the existing Shopping Center.

The floor plan submitted depicts the suite as consisting of five classrooms, two offices, a kitchen, a storage room, computer station area and a lobby. Access to the suite will be gained via internal stairways located at the north and south ends of the building and an elevator located near the south end of the building. The applicant has submitted a site plan detailing four parking spaces to the rear of the building that will be reserved for student pick-up and drop-off areas. Four parking spaces will be adequate for approximately 20 students, which are anticipated for the use. The proposed use will have minimal impact on the existing Shopping Center and surrounding neighborhood and meets the requirements set forth in Title 19; therefore, staff recommends approval of this request.

- **Zoning**

The project is located within an existing C-1 (Limited Commercial) zoning district. This district is intended to provide most retail shopping and personal services, and may be appropriate for mixed use developments. This district should be located on the periphery of residential neighborhoods and should be confined to the intersections of primary and secondary thoroughfares along major retail corridors. The C-1 (Limited Commercial) district is consistent with the SC (Service Commercial) category of the General Plan. The subject property carries a General Plan designation of SC (Service Commercial).

- **Use**

A Private School, Primary is defined by Title 19.04 as an institution that provides kindergarten through eighth grade education and is supported by a public, religious or private organization.

- **Minimum Special Use Permit Requirements**

1. Adequate pick-up and drop-off areas must be provided on-site.

The proposed Private School, Primary meets and is in conformance with the Minimum Special Use Permit Requirement. The applicant has submitted a site plan, which details four loading zones that will be provided for pick-up and drop-off areas for the approximately 20 students who will be attending this school. As the use is in conformance with Title 19 and will have little impact on the subject property or surrounding properties, staff recommends approval of this request.

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Private School, Primary can be conducted in a manner that is harmonious and compatible with existing surrounding land uses and with future surrounding land uses as projected by the General Plan. The Private School, Primary will have minimal impact on the surrounding Shopping Center and neighborhood land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

The 425,720 square-foot Shopping Center, which is located on approximately 37.18 acres, is physically suitable to accommodate a Private School, Primary.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

This site is accessed from Sahara Avenue and Fort Apache Road, both of which are 100-foot Primary Arterial streets according to the Master Plan of Streets and Highways. Minimal traffic will be generated by this use type; therefore, negative impacts should be minimal with regard to adjacent roadways and neighborhood traffic.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed Private School, Primary will be consistent with the General Plan land use designation of SC (Service Commercial) and will not be inconsistent with nor compromise the public health, safety, welfare or overall objectives of the General Plan.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed use conforms with the Minimum Special Use Requirements for a Private School, Primary use.
