ANALYSIS

The applicant is request a Rezoning from U (Undeveloped) Zone [PF-TC (Public Facilities Town Center)] Special Land Use designation to T-C (Town Center). The PF-TC (Public Facilities Town Center) Special land Use Designation allows for public and/or quasi public purposes. This parcel is intended to become a part of a 31 acre park, which will have assortment of baseball fields and associated recreation amenities. As this Rezoning request is in compliance with the General Plan and T-C (Town Center) is the intended and appropriate zoning district for this area of the City, staff recommends approval of this request.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. The proposal conforms to the General Plan.

The proposed T-C (Town Center) zoning is in conformance with the General Plan, which designates the subject site as TC (Town Center). The Town Center Land Use Map contained within the Centennial Hills Sector Plan designates the subject site for PF-TC (Public Facilities Town Center) land uses.

2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

The PF-TC (Public Facilities Town Center) Special Land Use Designation is intended to accommodate any property which is used for a Public and/or Quasi Public purpose. This request would allow compatibility with all of the surrounding land uses including T-C (Town Center) and U (Undeveloped) [L (Low Density Residential) General Plan designation] zoning districts.

3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.

The proposed Rezoning to T-C (Town Center) will allow conformance to the Town Center Development Standards and the General Plan. This Rezoning will allow the future development of this site as permitted by the PF-TC (Public Facilities Town Center) Special Land Use designation.

4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.

Access to the property is provided by Grand Montecito Parkway, a 90-foot wide Frontage Road as designated by the Town Center Development Standards Manual and Durango Drive, a 120-foot wide Parkway Arterial as designated by the Master Plan of Streets and Highways. These roadways are more than adequate for the subject parcel and the proposed T-C (Town Center) zoning district.
