CITY COUNCIL MEETING DATE: NOVEMBER 5, 2008
DEPARTMENT: PLANNING AND DEVELOPMENT
ITEM DESCRIPTION: VAC-29235 - APPLICANT BARNET LIBERMAN - OWNER: LV LAND PARTNERS

**** CONDITIONS ****

The Planning Commission (7-0 vote) and staff recommend APPROVAL, subject to:

1. The limits of this Petition of Vacation shall be defined as the alley and public access easement located east of 3rd Street, south of Charleston Boulevard.
2. Provide a plan showing how the right-of-way proposed to be vacated will be incorporated into the abutting properties, including those properties not controlled by the applicant, so that an un-maintained "no-man's land" area is not produced by this action. The required plan shall identify exactly who is responsible to reclaim each portion of right-of-way and exactly how the right-of-way will be reclaimed, and shall provide a schedule of when such reclamation will occur. The plan shall also show how drivable access will continue to be provided to Assessors Parcel Number 162-03-110-002; the Order of Vacation shall not record until all issues regarding parcel access have been resolved. Such plan shall be approved by the City Engineer prior to the recordation of the Order of Vacation or the submittal of any construction drawings adjacent to or overlying the area requested for vacation, whichever may occur first.
3. A sanitary sewer relocation/abandonment plan must be approved by the Department of Public Works. If relocation is proposed, the relocated sewer lines must be constructed and active prior to the recordation of the Order of Vacation. Alternatively, public sewer easements shall be retained through this Petition of Vacation. If easements are required, this Vacation may record in phases, to allow for future elimination of easements at the discretion of the City Engineer.
4. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the recordation of the Order of Vacation for this application. Appropriate drainage easements shall be reserved if recommended by the approved Drainage Plan/Study. The drainage study required by ZON-20507 may be used to satisfy this requirement provided that it addresses the area to be vacated.
5. All public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of an Order of Vacation.
6. Reservation of easements for the facilities of the various utility companies together with reasonable ingress thereto and egress there from shall be provided if required.

7. All development shall be in conformance with code requirements and design standards of all City Departments.
8. The Order of Vacation shall not be recorded until all of the above conditions have been met provided, however, that modifications to public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City rightofway requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any rightofway being vacated must be retained.
9. If the Order of Vacation is not recorded within one (1) year after approval by the City of Las Vegas or an Extension of Time is not granted by the Planning Director, then approval will terminate and a new petition must be submitted.

B) Public Works discussion
