ANALYSIS

The Off-Premise Sign (Billboard) is within the Off-Premise Sign Exclusionary Zone per Title 19.14.100 but does not qualify since the sign is oriented towards Craig Road and does not face toward US-95. There is an additional billboard located 319 feet to the north on the same property, which was approved by Special Use Permit (U-0075-96) in 1996 and is oriented towards US-95 and therefore exempt from the required 750-foot separation distance. Upon a field inspection carried out by staff on 09/02/08, it was discovered that the existing billboard in review will require the structural screening material to be painted to match the support work of the sign.

FINDINGS

Staff recommends approval of this review, subject to a required review in five years, and the repainting of the structural screening material within 30 days of approval of this review.
