ANALYSIS

This is the first extension of time request for the proposed development. In the time since the original approval of the Special Use Permit (SUP-14324), the applicant has made progress on the project in the form of the issuance and finalization of building permits pertaining to the demolition of buildings and construction of walls/fences. In accordance with Title 19.18.060, a Special Use Permit is exercised upon the approval of a business license to the activity, if required, or upon the issuance of a certificate of occupancy or approval of a final inspection.

FINDINGS

The applicant is requesting an extension of time in order to meet Title 19 requirements to exercise the Special Use Permit. Though the applicant has shown progress on the proposed project, Title 19.18.060 requirements to exercise the Special Use Permit have not been met, since the building for the proposed use is not yet constructed. Once the new building is completed, a certificate of occupancy will be required, in addition to the issuance of a business license. Staff recommends approval of the extension of time request with a one-year time limit. Conformance to the conditions of approval of Special Use Permit (SUP-14324) shall be required.
