THIS ITEM WAS HELD IN ABEYANCE FROM THE NOVEMBER 19, 2008 CITY COUNCIL MEETING AT THE REQUEST OF THE APPLICANT.

**** CONDITIONS ****

Staff recommends DENIAL. The Planning Commission (5-2/bg/gt vote) recommends APPROVAL, subject to:

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Variance (VAR-29494), and Site Development Plan Review (SDR-29440) shall be required, if approved.
2. This approval shall be void two years from the date of final approval, unless a certificate of occupancy has been issued or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Variance to allow 136 parking spaces where 158 are required for a proposed 39,420 square-foot Shopping Center at 1208 E. Charleston Boulevard. The subject Variance represents a 14% deviation from the required number of parking spaces. The percent deviation for the required number of loading zones is 50%. A reduction in overall square-footage would eliminate the need for the subject Variance. The applicant has created a self-imposed hardship by overbuilding the subject site. Therefore, staff is recommending denial of the subject application.

Redevelopment Plan Area The subject site is located within the boundaries of the Las Vegas Redevelopment District. The proposed uses are in conformance with Redevelopment Plan goals and policies that encourage innovative, mixed use projects in this area of the City.

* **Huntridge Theatre** - The Huntridge Theater is not listed on the City of Las Vegas Historic Property Register; therefore, this project has not been reviewed by the City of Las Vegas Historic Preservation Commission. The project has been reviewed and approved by the State Historic Preservation Office. The Huntridge Theatre is listed on the state and National Register of Historic Places for its significant contribution to Las Vegas recreation and entertainment, and for its Streamline Moderne style of architecture. The theatre opened in 1944 as part of the Huntridge Neighborhood housing development, built in 1942. Designed by renowned theater architect S. Charles Lee, the Moderne style building was the premiere theater of the time. The building is one of the best and last remaining examples of Streamline Moderne in the City of Las Vegas.

DEVELOPMENT STANDARDS

Pursuant to Title 19.08 the following standards apply:

<i>Standard</i>	<i>Required/Allowed</i>	<i>Provided</i>	<i>Compliance</i>
Min. Lot Size	N/A	114,128 SF	N/A
Min. Lot Width	100 feet	300 feet	Y
Min. Setbacks			
• Front (north property line Building C)	20 feet	15 feet	N*
• Side (east property line Building C)	10 feet	51 feet	Y
• Corner (west property line Building A)	15 feet	0 feet	N*
• Rear (south property line Building A)	20 feet	49.5 feet	Y
Max. Lot Coverage	50%	35%	Y
Max. Building Height	N/A	75 feet	Y
Trash Enclosure	Screened	Screened	Y
Mech. Equipment	Screened	Screened	Y

* The applicant has failed to meet the minimum development standards for setbacks. An associated Variance (VAR-29494) has been submitted, which addresses these deviations from Title 19.06.010 requirements.

Pursuant to Title 19.10, the following parking standards apply:

Parking Requirement							
Use	Gross Floor Area or Number of Units	Required		Provided		Compliance	
		Parking Ratio	Parking		Parking		
			Regular	Handi-capped	Regular	Handi-capped	
Shopping Center	39,420 square feet	1 space per 250 square feet of gross floor area	158	6	136	5	N*
TOTAL			164		141		N*
Loading Spaces			2		1		N*

* The percent deviation for the required number of parking spaces is 14%. The percent deviation for the required number of loading zones is 50%. Pursuant to Title 19.10 the applicant has failed to provide an adequate number of parking spaces for the proposed development. An associated Variance (VAR-29494) will be heard concurrently with the subject Site Development Plan Review.

ANALYSIS

The applicant is requesting a Variance to allow 136 parking spaces where 158 are required pursuant to Title 19.040.010 requirements. The parking calculation is based upon the Shopping Center as the primary use. Parking requirements for Shopping Centers are calculated at one parking space per 250 square feet of gross floor area. A related Site Development Plan Review (SDR-29440) for a proposed 39,420 square-foot Shopping Center will be heard concurrently with the subject Variance. An additional Variance (VAR-29494) will be heard concurrently, to allow a 15-foot front setback where 20 feet is required and to allow a zero-foot corner side setback where 15 feet is required. The applicant has overbuilt the subject site resulting in a deviation of 14% for the required number of parking spaces and a 50% deviation for the required number of loading zones. The subject Variance has demonstrated that the applicant has created a self-imposed hardship; therefore, staff recommends denial of the subject application.

FINDINGS

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070L states:

Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by over building the subject site. Alternative site design would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the sites physical characteristics, it is concluded that the applicants hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
