PURPOSE/BACKGROUND:

Under Nevada law, the primary responsibility for the licensing and regulation of child care facilities rests with the Nevada Bureau of Services for Child Care (the Bureau). For many years the City has exercised its option under State law to license and regulate child care facilities locally. As a cost-saving measure, and in order to facilitate standardized regulation, it is proposed to transition the regulation of these facilities to the Bureau. This bill will accomplish the transition, as well as provide for the repeal of the City's child care regulations following the transition period.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.
