ANALYSIS

This is the fifth required review of a Special Use Permit to allow an Off-Premise Sign (Billboard) since its initial approval by the City Council on 05/16/01. The Off-Premise Sign (Billboard) is located within the Downtown Centennial Plan - 18b Arts District where such use is only permitted with approval of a Special Use Permit for a billboard that is flush-mounted to a building. The free-standing configuration of this Off-Premise Sign (Billboard) does not conform to the 18b Arts District requirements for Off-Premise Advertising to be flush with the wall of a building.

Additionally, a state of Nevada Scenic Byway designation was given to properties fronting on Las Vegas Boulevard from Sahara Avenue to Washington Avenue on 11/28/01. The National Scenic Byways guidelines state that no new outdoor advertising (billboard) is permitted along a byway once it is designated a State Byway. Accordingly, no new Special Use Permits for Off-Premise Signs (Billboards) may be granted for such uses along this portion of Las Vegas Boulevard.

FINDINGS

The Off-Premise Sign (Billboard) under review is located within the Arts District portion of the Downtown Overlay and is governed by the general development standards of the Downtown Centennial Plan. Per the permitted uses for the 18b Arts District, a billboard use is only permitted with an approved Special Use Permit for flush-mounted signs. Additionally, the Las Vegas Boulevard Scenic Byway Corridor Management Plan prohibits on the use of an Off-Premise Sign (Billboard). Although this sign was originally approved prior to this restriction, it does not provide a positive contribution to either the Scenic Byway or the Las Vegas Arts District.

Therefore, staff recommends denial of this review, subject to a three year review, if approved.
