Justification Letter

I am writing to requesting that the City of Las Vegas allow me to keep the storage at the rear of my house. The current two accessory structures add up to be 856.00 sq.ft. and is more then the 50% of the existing dwelling that the city allows to construct for accessory structures. I have spent a large quantity of money on this structure and would hate to lose on this investment since I strongly believe it adds value to my property. I will adhere to all building codes the city requires for approval. Please send any information to me at 1000 mohawk st LV. NV 89107. Thank you for considering my request.

Sincerely,

Juan Anderson
