ANALYSIS

This is the second required review since the initial approval of Special Use Permit (SUP-4169) for a 40-foot tall, 14-foot by 48-foot Off-Premise Sign (Billboard) located at 1615 North Decatur Boulevard. There have been no significant changes in the surrounding land use since the installation of the sign. A research of the building permit activity for the Off-Premise Sign revealed that the permit was finalized on 10/26/05. A visual inspection of the site conducted on 10/17/08, found the structure in good condition, but one sign face had bird dropping splattered down the advertising display.

FINDINGS

The sign is located within the C-1 (Limited Commercial) zoning district on property used for an Auto Repair Garage, Major. The surrounding area has not experienced significant changes in land uses since the approval of the Special Use Permit (SUP-4169). Pigeon abatement measures on the sign need to be provided to remedy the existing bird nuisance. Additionally, the applicant needs to pay the appropriate fees for this required review. Conditions of approval have been added to bring the Off-Premise Sign (Billboard) into compliance; therefore, staff recommends approval, subject to a three-year review.
