Subject: Planning Commission: Proposed International Church

Mr. Truesdell,

Please vote against approval for the proposed International Church at the corner of Cliff Shadows Parkway and the Beltway. I just read today that an 85-foot tower is proposed at this site. I live just down the street and hike frequently with my family in the nearby mountains. The view would be severely disrupted by a tower of that height. I also question why the builders would cut into the ridge to build this monstrosity.

I would appreciate any information you can give me about local public interest meetings on this matter. I believe we

1/6/2009

should enforce the provisions of the Hillside Ordinance and keep this church to a reasonable height of 35 feet or lower. In the newspaper article, the pastor of this church tried to argue that it would somehow benefit the community. However, he said it himself, what they really want to do is make "a statement" with this hideous tower. By drawing attention to themselves, they hope to get new members and more money. That is completely self-serving, while any residents or visitors lose the view and even the integrity of the ridge forever.

Thank you,
Amy Brewster

I am so excited that the International Church of Las Vegas is planning to build a Prayer Tower in my neighborhood in the Northwest part of Summerlin. Although I already take pride in my home in Hillcrest Subdivison , this venue makes me honored to be a resident in this neighborhood. I believe that having a sanctuary for daily worship and prayer would create a more secure environment.

This venue would be so beneficial for our community. Our children would have a new safe haven; giving them a more constructive means of spending their free time. The close location reduces our families' travel time to worship service. In addition, this worship venue makes this mountain's edge even more exquisite and unique. Considering our failing economy and deterioration of family values, this building may, in turn, raise the property value, as well. The advantages of building this Prayer Tower are endless! I oblige you all to approve the building of this venue. It's presence will enhance our community and offers our families a better quality of life. I am certain that many of my fellow neighbors are in agreement with the benefits of building this Prayer Tower.

Thank you in advance for your consideration.

I am writing this letter to express my support for the construction of a new church located near the 215 and Cheyenne Ave, and adjacent to the new La Madre Equestrian Park. For over 3 years my family and I have been looking forward to this proposed church and its potential overview of the Las Vegas valley. The churches location and proposed tower is an important element in its design.

I understand that some have expressed a concern over the height the churches proposed tower, fearing that it will inhibit the view of the mountain range. However, based on the location of the church, right up next to the mountain (which is many times higher than the tower), the churches tower will not inhibit any view of the mountain range. Therefore, I respectfully ask that you approve any height variance for the proposed facility.

As a residence of the local community, I request that the church facility as proposed be allowed to be constructed. Its location and development will most certainly enhance the quality of our lives and the life of the citizens of Las Vegas.

Thank you for your consideration.

Sincerely,

Dear Mr. Gebeke,

We would like to express our support regarding the "Prayer Tower" that is being submitted on behalf of The International Church of Las Vegas.

Being a homeowner living close to that area (89149), we drive passed the "Prayer Mountain" site daily. From all the plans and pictures we have seen and heard about, we feel the proposed building is architecturally beautiful and will be an asset to the Las Vegas valley. Not only will it be unique in character but serves as a place of prayer for "all denominations".

Just as the "Crystal Cathedral" in California, we believe it will draw people from all over the world and be a blessing and benefit to us all. What a loss it would have been to the community of Orange County, had the Cathedral not been built.

Wouldn't it be nice to be known for more than just the gambling scene and "Sin City"? We encourage the approval of the plans so that the project may become a reality.

Respectfully Submitted,
