Minutes:

CHAIR TROWBRIDGE declared the Public Hearing open for Items 23-26.

DOUG RANKIN, Planning and Development, stated the request is incompatible and inconsistent with the surrounding and existing uses, as it constitutes spot zoning. He recommended denial of

PLANNING COMMISSION MEETING OF: JANUARY 22, 2009

all applications.

ATTORNEY LIZ SOROKAC, 3800 Howard Hughes Parkway, appeared on behalf of the applicant and stated that the property is located on the northwest corner of Sahara Avenue and Las Verdes Street. The request is for a used auto sales dealership. There has been no viable business at this corner. A neighborhood meeting was held with residents supporting the use as long as certain conditions were met, such as no test drives in the neighborhood, the number of vehicles for sale on the lot and non-operable vehicles located on the property. She read conditions that would address those concerns. MR. RANJAN indicated that those could be placed on the site plan review or special use permit. He clarified for CHAIR TROWBRIDGE that the conditions do not have a deed restriction but are specific to the use and the site plan.

COMMISSIONER QUINN was pleased with the applicant holding a neighborhood meeting and receiving successful feedback from the residents.

COMMISSIONER BUCKLEY was concerned about setting a precedent of significant greater commercial uses, such as auto dealerships, further down on Sahara Avenue.

COMMISSIONER THOMAS ESDELL expressed concern about not widening the existing driveways. BART ANDERSON, Public Works, pointed out that Condition 15 of the site plan requires the applicant to move and replace driveways and close driveways closest to the corner. The Commissioner pointed out that the building is 35 years old and the request is for a greater density. His concern is that with economic downturn, many grocery stores are closing and requests might come in to turn the existing structures and parking into auto storage or auto sales uses. CHAIR TROWBRIDGE agreed, adding that there are areas of town that warrant improvements, and these should be looked on a case-by-case basis. In this particular case, this area could use the improvements.

MARGO WHEELER, Director of Planning and Development, and MR. ANDERSON read into the record additional conditions for Items 25 and 26, if approved.

CHAIR TROWBRIDGE declared the Public Hearing closed for Items 23-26.
