Re: Hold for Site Development Review  
Project Number: SDR-32534  
South West Corner of Tenaya and Azure  
Las Vegas, NV

GK<sup>3</sup> Architecture, on behalf of Boquet, Inc., is requesting the hold of the above referenced project due to the owner's request. We would like the project to be held until the April 9, 2009 meeting. New plans will be submitted with a revised design. An owner's representative will schedule a new pre-application meeting by January 30, 2009.

Thank you for your consideration of these matters.

Sincerely,

Gemie M. Knisely, RA
