MAILED FROM ZIP CODE 89101

TO WHOM IT MAY CONCERN:
With housing prices in our
city already in a serious
slump, I strongly oppose the
construction of a public
facility in my neighborhood,
which I believe will
negatively impact not only
the value of my home, but
also its safe family
environment, by bringing
more traffic and noise
through our streets.

Comments: Dear Sirs and Madams of the Planning Commission, As 10 year residents of Sycamore Estates (entrance on O'Bannon), we adamantly oppose changing any lot in our residential area to public facilities. This area is residential. This lot is next to homes not to another Public facility. Nor is the lot on major traffic bearing roads. There are 4 undeveloped lots on O'Bannon between Durango and Cimarron and by changing this lot in question you set a precedent we do not want. In the past, public meetings were held in homes across the street from this area and they caused dangerous traffic, parking and pedestrian issues. There is already overflow travel and parking traffic on Lisa Lane and West Oakey from the Elementary School and additional traffic would create more issues. I would hope in these precarious fiscal times that the commission would not make a decision that would impact residents that have paid and still are paying to live in a lovely residential area. You would be committing existing residents to a change that we would not have chosen for ourselves. There are many undeveloped, non-residential lots and empty buildings in this immediate area. We hope the Commission will deny this application of re-zoning.

Concerned Residents,
Kurt B. and Cheryl-Beth Reineke

Re: SDR-33599
GPA-33597 and ZON-33598
Jehovah Witnesses

Gentlemen:

As a homeowner directly affected, we vehemently OPPOSE any changes to the General Plan as proposed by the Jehovah's Witnesses. This proposal affects our expectation to live as we chose to live when we purchased our property which did not include any public or civil facilities according to the General Plan. The only exception is Derfelt Elementary School, which does cause problems, but have grudgingly accepted.

What disturbs us is the fact that this group has already started to clear the property and had recently congregated at night with some sort of get together which was very loud and invaded the peace we have at night. Our opposition also includes the fact that traffic would increase twofold day and night, which, again, would affect our expectation of a peaceful existence covered within the parameters of the General Plan. They would be parking up and down the street and cause noise and pollution. We don't need a whole bunch of cultists driving or walking our streets checking us out every time they go by our house.

Also, upon a little research, I have read that Christian denominations denounce this group as either a cult or heretical sect and have been banned in some countries. They also do not believe in military service and believe that saluting the American flag or standing for the national anthem are forms of idolatry. I cannot condone having an organization with these beliefs congregating next door to us because they will instill a fear for the safety of my family and we should not have to tolerate being exposed to this un-American group in our neighborhood. Most disturbingly, upon my research is the fact that I read members are ordered to **maintain silence on SEXUAL ABUSE to avoid embarrassment to both the accused and the organization.** Now, members are constantly urged to devote more time to door-to-door preaching. How dangerous can this be for our neighborhood as well as others nearby?!!

We reject and oppose any change to the General Plan as concerns the Jehovah Witnesses. **We should not have to live in FEAR.** We beseech the Council to reject this plan.

Sincerely,
Mitchell & Carol Hampp

Attn: David Cornower

Reference: Zoning Change Request No. ZON-33598, GPA-33597 & ~~SDR-33599~~

We live in the neighborhood that includes the property that the above referenced zoning change request exists. As we understand it, there is a proposal to build a church on the property that is currently zoned for residential. The property is **surrounded by residential** properties and we **strongly object** to a civic building being erected on this property.

In the past there have be difficulties with an organized religious group holding services in the neighborhood resulting in a huge amount of traffic and pedestrians crossing dangerously in the middle of the street and generally causing a great deal of difficulty for the residents in the area. That problem resulted in a denial by the Planning Department to hold religious services in a private home.

Now a request to rezone the property to erect a church would cause an increase in traffic, cause dangerous pedestrian traffic and irreversibly damage property values (as if we haven't be hurt enough). A church simply does not belong in the middle of a residential area. There are no main streets off of which they can approach the property. They have to travel on O'Bannon which certainly was not constructed to absorb that amount of traffic. In addition, I don't believe that the property is large enough to accommodate the necessary parking spaces and this will result in cars being parked on the street and people crossing the street indiscriminately.

As a ten-year owner of property in the area I strongly request that you deny the zoning changes and help us maintain our well being and property values. Help us keep our residential areas residential and not permit civic building erected in our areas.

Your assistance in the area would be greatly appreciated. If you would like to contact us, please feel free to do so. Our phone number is (702) 240-3506 and e-mail is mikelena@earthlink.net.

Sincerely,

Michael and Elena Johnston
