ANALYSIS

This is the first request for an extension of time for the proposed development. Title 19.18.050 deems a Site Development Plan Review exercised upon the issuance of a building permit for the principal structure on site, unless otherwise specified in conjunction with its approval. Since the approval of the Site Development Plan Review (SDR-13904), the applicant has not made any progress on the proposed project in the form of building permits for the principal structure, nor has there been any significant changes in land use for properties surrounding the subject site. The applicant was issued a Temporary Commercial Permit (TCP-27084) for a Temporary Storage Yard in conjunction with an existing Rental Store, valid until 10/01/09.

FINDINGS

The Site Development Plan Review (SDR-13904) has not met the requirements outlined in Title 19.18.050 to exercise the entitlement. The applicant is requesting a two-year extension of time to enable them to move forward with their proposed project. Staff recommends approval with a two-year time limit. Conformance to the conditions of approval for the Site Development Plan Review (SDR-13904) shall be required.
