Submitted at Meeting Copy of March 2009 Employee of the Month Certificate for Lorrie Linnert Dunford

Minutes:

MAYOR GOODMAN invited JORGE CERVANTES, Director of Public Works, to join him at the podium to recognize LORRIE DUNFORD as the March 2009 Employee of the Month. MS. DUNFORD, a Project Manager with the Engineering Design Division, has adapted the divisions project management software to allow project tracking and report generation for internal and external use. Her efforts have saved the department nearly \$100,000, a key savings in the current economic climate.

MR. CERVANTES described MS. DUNFORD as the go-to person in his department who excels at cross-training. He noted she trains junior engineers in the AutoCAD, computer-aided design software, saving the City money by providing much needed in-house training.

MS. DUNFORD described working for the City as a privilege and stated she was honored to work with such a tremendous team. She thanked her family for their support and thanked the Viva Las Voices Toastmasters for preparing her to speak in public.
