

Chris Magee
Environmental Manager
MGM MIRAGE
Energy and Environmental Services Division

Chris Magee is Environmental Manager of the Energy and Environmental Services Division of MGM MIRAGE. He conducts technology review and manages the selection, procurement, and implementation of MGM MIRAGE conservation projects pertaining to natural gas, electricity, water and renewable energy applications. Chris is also responsible for the Clark County Department of Air Quality and EPA permitting as it relates to major and minor source air permits for all Las Vegas properties of the company. In addition, Chris has helped develop comprehensive sustainability plans for property operations and manages an employee environmental awareness education campaign.

Chris has worked for MGM MIRAGE for 19 years. Prior to his current position he was a crew leader in the engineering department of the Bellagio Casino Hotel. He has also held multiple engineering positions at The Mirage Casino Hotel. Chris is recognized for his expertise on energy issues and is an Ashrae associate & voting member of the 62.1 full committee and sub committee - Ventilation for Acceptable Indoor Air Quality. His interests include competitive water polo and swimming. He is team captain for multiple Corporate Challenge swim teams and manages various related youth organizations. Chris is married with two daughters.
