ANALYSIS

This is the first request for an Extension of Time for the proposed project. In the time since the original approval of the Site Development Plan Review (SDR-17247), the applicant received approval for a Tentative Map (TMP-24273) for a five-lot single-family residential development. Title 19.18.050 deems a Site Development Plan Review exercised upon the issuance of a building permit for the principal structure on site, unless otherwise specified in connection with its approval.

FINDINGS

Construction for the proposed project has not yet begun; therefore, the applicant has not yet met the requirements to exercise the entitlement of the Site Development Plan Review as outlined in Title 19.18.050. The applicant is requesting an extension of time to secure financing for the project, and to allow for a change in economic conditions in order to market the development. Staff recommends approval of this request with a two-year time limit. Conformance to the conditions of approval of Site Development Plan Review (SDR-17247) shall be required.
