Re: McKnight Senior Village II - Waiver to existing addressing plan

The original project, delivered in 1998, is a separate entity; and the address/unit numbers are fixed to that property, both with the State of Nevada and the Internal Revenue Service. The existing development is an affordable housing community for Seniors, financed with Section 42 of the Internal Revenue Code, and changing these after more than 10 years would complicate matters with recorded documents with the IRS and the State.

We are asking for a Waiver to the original conditions of the addressing plan, and would appreciate your support in this matter.
