GENERAL

Executive Summary

The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

Program Year 4 Action Plan Executive Summary:

Executive Summary

This Action Plan presents the housing and community development activities which will be undertaken by the City of Las Vegas (City) for the Federal Fiscal Year of July 1, 2009 through June 30, 2010 (2009-2010). The Federal programs that primarily fund these activities include the Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), Home Investment Partnerships (HOME) program which includes the American Dream Down payment Initiative (ADDI), and Housing Opportunities for Persons with AIDS (HOPWA) programs. The goals of these programs are to provide decent housing, provide a suitable living environment, and expand economic opportunities.

The preparation of this 2009-2010 Action Plan included extensive opportunities for citizen input and comment. The City held one (1) public hearing, regarding the allocation of federal funds for non-profit organizations, and government agencies. The draft 2009-2010 Action Plan was made available to the public through advertisement in local newspapers on April 8, 2009 for a 30-day public review and comment period until May 8, 2009. The draft plan was made available in print form at the Neighborhood Services Department. A public hearing to solicit public comments on the draft plan and approve the draft plan was held at the City Council meeting. The final plan will be available to the public on the City's website at www.lasvegasnevada.gov and in print form at the Neighborhood Services Department.

City Vision and Priorities

City of Las Vegas Vision is:

A vibrant, affordable, diverse, unique, and world-class city of opportunity in which all citizens enjoy their neighborhoods, feel safe, and know they will be heard.

City of Las Vegas Priorities are:

1. Create, integrate and manage orderly and sustainable development and growth of our community.
2. Manage cost and revenue resources to achieve efficient operations.
3. Support and encourage sustainability, livability and pride in our neighborhoods.
4. Aggressively attract and retain diverse businesses.
5. Promote healthy lifestyles for all segments of the community.
6. Promote an open government which allows access, participation and respectful communication.
7. Provide a safe environment for our residents, businesses and visitors using a community oriented approach.
8. Revitalize and invigorate our mature areas and the urban core.

In support of the City's vision and priorities, the Consolidated Plan and Action Plan include housing and community development activities which:

- Create more affordable rental and owner-occupied housing opportunities for its citizens;
- Support diverse, safe, sustainable and livable neighborhoods through the improvements to housing, facilities, infrastructure, and services;
- Provide public facilities and services that promote healthy lifestyles for all segments of the community, including the disabled, homeless, low-income residents, seniors, and youth;
- Promote open government by providing its citizens with extensive public input and comment opportunities regarding the Consolidated Plan and Action Plan;
- Improve housing stock, public facilities and infrastructure to provide a safe environment for City residents, businesses, and visitors; and
- Provide affordable housing, improve streets and sidewalks, parks and recreation facilities that help revitalize and invigorate the City's urban core and surrounding neighborhoods.

Affordable Housing Objectives and Outcomes

Affordable housing activities for 2009-2010 include minor home repairs and housing rehabilitation programs that are administered by non-profit organizations such as James Seastrand Helping Hands and Rebuilding Together With Christmas in April. The City of Las Vegas administers the single family housing rehabilitation and single family housing rehabilitation with refinance programs. Non-profit organizations receive funding to administer down payment assistance programs, housing acquisition and construction projects, and tenant-based rental assistance programs. Please refer to Tables 9 and 10 for a detailed listing of each housing project.

The housing objectives, which are consistent with the 2006-2010 Consolidated Plan, will expand the supply of affordable renter and owner housing for low-income and very low-income households. The housing objectives are listed as Table 9 below. This table indicates the proposed number of housing units and households to be assisted by housing activity and funding source.

Community Development Objectives and Outcomes

The 2009-2010 Action Plan provides funding for several community development activities that benefits low and moderate-income persons. Public service programs are divided into four (4) categories including child care, life skills, social services, and youth programs. Community development projects include construction of new community center, improvements to youth and senior centers, improvements to employment training center for the disabled and community triage center for mental health and substance abuse, street improvements including new streetlights, parks and recreation facility improvements, and code enforcement activities.

Table 13 – Community Development Objectives below indicates the number of low and moderate-income persons to be assisted through the public service programs, the number of facility improvements through construction projects, and the funding source for each community development activity.

Evaluation of Past Performance

The following is an evaluation of the 2008-2009 Action Plan compared with this 2009-2010 Action Plan. The housing, homeless, and community development needs tables are attachments within the 2006-2010 Consolidated Plan.

- For Attachment 1 – Housing Needs Table, the goal for the number of persons that will benefit has increased from 353 households/housing units in 2008-2009 to 361 households/housing units in 2009-2010.
- For Attachment 3 – Homeless Needs Table, the goal for the number of beds for homeless persons that will benefit has not changed from 477 beds for individuals and 239 beds for families in 2008-2009 to 477 beds for individuals and 239 beds for families in 2009-2010.
- For Attachment 5 – Community Needs Table, the goal for the number of persons that will benefit has not changed from 50,289 persons in 2009-2010.

The following is a summary of the 2007-2008 CAPER for the City of Las Vegas.

The 2007-2008 Housing activities for the City of Las Vegas included the following:

- Rehabilitated or completed emergency repairs on 10 housing units with HOME and CDBG funding.
- Allocated CDBG funding to two sub-recipients that rehabilitated or completed minor home repairs on 250 housing units.
- Allocated HOME funding to two sub-recipients that provided 5 homebuyers with down-payment and closing cost assistance.
- The City completed a total of 198 new construction housing units.
- Will need to continue working with housing developers to increase the percentage of housing units designated to serve the low and extremely low-income population.
- No projects were completed or underway to construct permanent affordable housing to serve persons with severe mental illness, drug/alcohol problems, developmental disabilities, and physical disabilities.
- Approximately 136 frail/elderly and senior households received housing rehabilitation assistance.
- Overall, 230 renter households and 424 owner households were assisted.

For 2007-2008 Homeless activities for the City of Las Vegas included the following:

- Fell short in its goal to provide enough permanent housing for the homeless and did not do enough to prevent extremely low-income persons from becoming homeless.
- Exceeded its goal in providing transitional housing and emergency shelter for homeless persons.
- Based on the goals, more support for the operations and maintenance of homeless facilities for homeless persons is needed.

- Exceeded its goal in providing food, employment, and transportation services for homeless persons.
- The ESG program leveraged a total of \$6,966,733 in matching private sector, City, County, State, and other Federal funds.
- Overall, the City had a total of 581,212 homeless encounters and a total of \$255,662 in ESG funds was spent on homeless activities.

For 2006-2007 Community Development activities for the City of Las Vegas included the following:

- For CDBG construction or improvement activities included four senior centers, two handicapped centers, five homeless facilities, one youth center, one neighborhood facility, one park/recreational facility, one sidewalk improvement, and two childcare centers. The majority of public facilities and improvements met their one-year goals.
- Served a total of 16,634 youth.
- Served a total of 4,163 seniors.
- The total number of non-homeless persons with special needs served was 6,215 persons.
- Overall, the total number of persons served with CDBG public services was 65,302 persons.

General Questions

1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year.
2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.
3. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.
4. Identify the federal, state, and local resources expected to be made available to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.

Program Year 4 Action Plan General Questions response:

General Questions

1. Geographic Areas of the Jurisdiction

For geographic information about the City, please refer to the Consolidated Plan and City of Las Vegas Community Profile publication which may be downloaded from the

City's website at http://www.lasvegasnevada.gov/files/community_profile.pdf. Maps of the low and moderate-income and minority concentration areas are also included within the Consolidated Plan.

The majority, estimated at 97 percent (%) of Consolidated Plan funds will be directed towards the low and moderate-income target areas. Direct assistance will be made available to low and moderate-income households throughout the City. This includes the City's Housing Rehabilitation and Homebuyers Assistance Programs. These programs provide funding to low and moderate-income households that meet income verification requirements citywide. Low and moderate-income persons will also receive direct assistance through the CDBG public services, ESG, and HOPWA programs.

The following maps show the low and moderate-income areas and the locations of CDBG, ESG, and HOME funded projects by number. Map keys are included to show the organization, project name, and funding source for each project.

2. Basis for Allocation of Funding Geographically

The basis for allocating the City's investments geographically occurs during the Request for Applications (RFA) process. The City distributes the grant applications for CDBG, ESG, HOME, and HOPWA to eligible non-profit organizations. Included in each grant application package are copies of the Federal regulations pertinent to each program and a map showing the low and moderate-income areas within the City (see Map 1). Grant applications must meet all City, State, and Federal regulations and must be located within the City of Las Vegas, with the exception of HOPWA. HOPWA funds are available to eligible non-profit organizations that provide housing and services within Clark County, which is the Eligible Metropolitan Statistical Area (EMSA).

Map 1 shows the entire CDBG-eligible areas for the City. Maps 2 and 3 indicate that the majority of CDBG and ESG projects are located within the CDBG-eligible areas. However, some CDBG projects are located outside the CDBG-eligible areas are eligible as long as the project meets a national objective and is an eligible activity. For example, a CDBG project that is an eligible activity and meets a national objective that benefits a low-mod income limited clientele such as the disabled would be an eligible project.

3. Meeting Underserved Needs

According to the Consolidated Plan, extremely low- and low-income households of all types are underserved with respect to affordable housing. In order to overcome this gap, the City has included strategies to provide additional affordable rental and owner housing opportunities. This Action Plan includes projects that will fund the acquisition, rehabilitation and new construction of rental and owner housing units using federal funds to leverage state and private funding sources. Other affordable housing projects in the Action Plan include the single family rehabilitation, minor home repairs, and first-time homeownership assistance programs.

According to the Consolidated Plan, senior and special needs housing and services are also underserved needs in the community. Projects that will fund senior and special needs housing and services are included in this Action Plan. Low and moderate-income persons are underserved in the areas of affordable childcare, employment opportunities, job training, youth activities, life skills, and social services. Several public services programs included in this Action Plan address these underserved needs of low and moderate-income persons.

4. Available Resources

For information on available resources to address needs, please refer to pages 3-7 of the Executive Summary section of this plan.

Managing the Process

1. Identify the lead agency, entity, and agencies responsible for administering programs covered by the consolidated plan.
2. Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.
3. Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

Program Year 3 Action Plan Managing the Process response:

1. Lead Agency

The City of Las Vegas, a HUD entitlement grantee, is the lead agency for administering programs and projects covered by the 2006-2010 Consolidated Plan and 2009-2010 Action Plan. The City's Neighborhood Services Department administers these programs and projects. Other City Departments involved in these programs and projects include Building and Safety, Business Development, City Attorney, Field Operations, Finance and Business Services, Leisure Services, Planning and Development, and Public Works. The City allocates CDBG, ESG, HOME, and HOPWA funding to over fifty (50) different non-profit organizations. For a list of the organizations that will receive funding for this program year, please refer to the Project Tables.

2. Action Plan Development Process

Grant Funds Application Process

The City of Las Vegas utilizes a Request For Applications (RFA) process to aid in the development of viable communities by providing decent housing and a suitable living environment, principally for person of low, very-low and moderate income. Funding will be provided through the HUD CDBG, ESG, and HOPWA programs. The City utilizes non-profit partners to assist in providing housing and community development activities, including public services.

The Community Development Recommending Board (CDRB) is a citizen's advisory group, appointed by the City Council. CDRB members represent target neighborhoods and populations, including low-income, disabled, minorities, elderly and the community at large. The CDRB recommends funding for the housing, homeless, and community development programs and projects that most effectively and efficiently meet community needs to the City Council.

Planning activities will follow the same steps each year although the timing may vary somewhat. These steps are:

- Step 1 - Dissemination of Grant Funds information to agencies and individuals;
- Step 2 - Identification of community development issues, needs, and concerns through community meetings and citizen input;
- Step 3 - Formulation of community development goals and preliminary strategies. (staff and citizens);
- Step 4 - Submission of project applications; and
- Step 5 - Project selection:
 - a. Review of project applications by CDRB and staff,
 - b. Project recommendations of CDRB to the Las Vegas City Council,
 - c. Public hearing before the Las Vegas City Council and final selection of projects for application submission to HUD.

Citizen Participation

The following table indicates the percentage of residents that indicated high priority needs for services/programs, housing, and improvements by zip code. Each of the services/programs, housing related services, and neighborhood improvements is ranked according to community needs. The rankings are determined by taking an average of the high priority percentages for all five zip codes. The top ranking for each zip code by category is indicated in bold.

2. Crime Prevention and Education Programs
3. Neighborhood Beautification
4. Neighborhood Cleanups
5. Street Lights

Three (3) CDBG, ESG, and HOPWA application workshops were held to provide technical assistance for non-profit organizations. Eleven (11) CDRB meetings were

held for the allocation of CDBG, ESG, and HOPWA funds. Applicants are allowed to present their projects to the CDRB for three (3) minutes. This is followed by five (5) minutes of questions by CDRB members of applicants, including their projects. After all of the applicants have made their presentations, the CDRB recommends projects for funding.

Development of the Action Plan

The City gathered information from the Housing Authority of the City of Las Vegas regarding public housing. The City worked closely with Clark County, City of

Henderson, and City of North Las Vegas regarding the regional homeless plan to gather information for the homeless section of this plan. Neighborhood Development Division staff of the City's Neighborhood Services Department completed the Action Plan with assistance from other Neighborhood Development Division staff.

3. Enhance Agency Coordination

The City will continue to meet with Clark County, City of Henderson, City of North Las Vegas, Boulder City and City of Mesquite on a bi-monthly basis to discuss

issues relating to CDBG, ESG, HOME, HOPWA, and Homeless projects. The discussions include joint projects, coordination of grant application cycles, consolidated plan updates, new project grand openings, new HUD program requirements, and other issues. The City works closely with Clark County and other local jurisdictions to ensure coordination of strategies and projects within the Consolidated Plan and Action Plan.

Citizen Participation

1. Provide a summary of the citizen participation process.
2. Provide a summary of citizen comments or views on the plan.
3. Provide a summary of efforts made to broaden public participation in the development of the consolidated plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.
4. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.

Program Year 3 Action Plan Citizen Participation response:

1. Citizen Participation Process Summary

See the Citizen Participation Plan Section on pages 18-23 of the Consolidated Plan. The Citizen Participation Process Summary is also located in this plan on pages 26-29 as part of Managing the Process Section.

Community needs meetings and public hearings are the primary means by which individual citizens are able to provide input into the Neighborhood Services Grant Programs. To ensure an atmosphere of open communication and cooperation among and between the City, neighborhoods, local organizations, businesses, and individual citizens, open meetings are held at the neighborhood level. All such meetings are scheduled in advance and posted in the community. The meetings and hearings provide an opportunity for citizens to: (1) give input into community priorities and identify needed projects or programs and (2) comment on projects under consideration. In order to successfully meet the goals of HUD's Grant Programs, the voices of those individuals, neighborhoods and communities participating and/or impacted must be heard.

Public hearings and meetings were and continue to be the prime vehicle for eliciting public input. Generally, public meetings will be held to gather information on community priorities and to respond to citizen questions and concerns. Public hearings will be held by the Las Vegas City Council for the purpose of formal presentation and/or adoption of CDBG projects or programs and to hear citizen testimony. Each year, community needs are gathered to ensure that federal funds are used to provide services that are truly needed in targeted low income

neighborhoods. These priority needs are collected by using surveys distributed to low income citizens requesting their input as to their community and personal needs. The survey results are tabulated and provided to prospective applicants for program guidance.

Institutional Structure

1. Describe actions that will take place during the next year to develop institutional structure.

Program Year 3 Action Plan Institutional Structure response:

1. Actions to Develop Institutional Structure

The City of Las Vegas Neighborhood Services Department is responsible for the administration of the Action Plan. The Department administers its own grant programs and allocates funding to both non-profit and for-profit organizations for their programs and projects. In the next program year, the Department will continue existing partnerships and establish new partnerships with for-profit and non-profit organizations to address the City's housing and community development needs.

The Southern Nevada Regional Planning Coalition (SNRPC) is an organization that brings together all public jurisdictions, including the City, to coordinate policies and programs dealing with regional quality of life issues. These issues include air quality, homelessness, housing, population growth, public facilities, transportation, and water. The City's Neighborhood Services Department will continue to participate in the SNRPC workforce housing and homeless committee meetings.

The Housing Authority of the City of Las Vegas (HACLV) is the public housing agency for the City of Las Vegas. The HACLV is currently providing assisted housing for more than 16,000 low and moderate-income family members. The HACLV consists of federally funded family developments, senior housing, scattered site housing, affordable housing units, and section 8 housing choice vouchers. The HACLV will continue to provide assisted housing to low and moderate-income families.

Monitoring

1. Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

Program Year 3 Action Plan Monitoring response:

1. Monitoring of Housing and Community Development Projects

Included in each of the City's subrecipient agreements is an "on-site monitoring" section. It stipulates that the program under the agreement will be subject to "on-site monitoring" by a City or HUD representative on a 24-hour notice during normal working hours. It also states that the representatives shall be granted access to all records pertaining to the Program. Representatives may, on occasion, request to interview program recipients who volunteer to be interviewed.

An additional section of the subrecipient agreement addresses access to records. It states that at any time during normal business hours, City or HUD representatives shall make the subrecipients' records, with respect to matters covered by the agreement available for audit, examination, and review. To ensure consistent and equitable monitoring, a monitoring procedures manual has been developed which includes monitoring forms developed in compliance with federal regulations for use when staff conducts its visits to the agency or project site. This form addresses all the required certifications, insurance, legal documents, environmental review and is used to conduct a random sampling to confirm eligibility of clients, and that appropriate documentation of such is in their files. It is also used to verify and tag any equipment that may have been purchased with grant funds. If the agency has any grant-funded employees, payroll tax returns and W-2's are checked to make sure they were completed and submitted to the IRS.

When OMB raised the ceiling to \$500,000 for an A-133 audit, the Neighborhood Services Department added language in the subrecipient grant agreements stipulating that if an agency received more than \$50,000, but less than \$500,000, in federal grant funds from the City for two consecutive years, they must submit an audited financial statement.

Additionally, one city staff person has been assigned to coordinate on-site monitoring of all subrecipients and projects. HOME funded projects are monitored yearly. Any deficiencies noted during monitoring are discussed with the subrecipients, noted in a written follow-up letter with required corrective action and followed-up within a prescribed period of time to ensure compliance.

Lead-based Paint

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families.

Program Year 3 Action Plan Lead-based Paint response:

1. Evaluation and Reduction of Housing Units with Lead-based Paint Hazards

To receive direct housing assistance, the City requires that all housing units built prior to 1978 be inspected for lead-based paint hazards. The City's subrecipient agreements are subject to the regulations described in 24 CFR Part 35, prohibiting the use of lead-based paint in residential structures constructed or rehabilitated with assistance provided, notification of hazards of lead-based paint poisoning; and elimination of lead-based paint hazards. The City's subrecipients must utilize a certified clearance technician to make a visual assessment and certify clearance examination for all properties built prior to 1978.

The City has purchased and is currently using an XRF Analyzer for lead-based paint testing. During the 2006-2007 program year, the City allocated \$100,000 in HOME funds to test homes built before 1978 for lead-based paint hazards.

HOUSING

Specific Housing Objectives

*Please also refer to the Housing Needs Table in the Needs.xls workbook.

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve during the next year.
2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

Program Year 3 Action Plan Specific Objectives response:

1. Housing Priorities and Specific Objectives

Table 17 below shows the housing activities, accomplishment types, and goals that the City is proposing to complete in 2009-2010 by funding source. Please refer to Attachment 6 - project worksheets for a project description, specific objective, performance measure, and outcome of each proposed housing project.

Needs of Public Housing

1. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.
2. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.

Program Year 4 Action Plan Public Housing Strategy response:

1. Public Housing Needs and Activities

Actions to Foster Public Housing Improvements

The Housing Authority of the City of Las Vegas (HACLV) has a five-year plan for modernization of Public Housing units. This year's plan will continue concentrating on the comprehensive modernization of Archie Grant Park, a Senior Community located on Bruce and Searles. Due to skyrocketing construction costs in our area, the comprehensive modernization plan to upgrade only 59 units and community areas in the parcel located between Gragson and Searles to include: exterior improvements, groundwork, community buildings upgrades, retrofit of units to comply with 504 requirements, and complete interior improvements. This comprehensive modernization will address all water and energy conservation issues. Construction is completed on the project. The remaining units and common areas located on the second parcel (Searles and Foremaster) are under consideration for demolition and re-development.

Additionally, in 2005, the HACLV demolished 54 existing units of obsolete public housing, known as Ernie Cragin Terrace (NV39002011) located at Charleston Blvd. and Honolulu Street. The re-development plan for the site of constructing a new 60-unit public housing family development (additional 12 units from the original plan of 48 units) is on schedule with a completion date of July 2007. The new community will consist of one and two story town-home (duplex) buildings with 27 two-bedroom, 30 three-bedroom, and 3 four-bedroom units with their own garage. New community will also include a clubhouse with multipurpose room, kitchen, management office, classroom, and space for service providers. Five percent (%) of the new units will be fully accessible for wheelchair use. This is the first Mixed Finance Public Housing Redevelopment in the State of Nevada and is self-developed by the HACLV.

The Scattered Site Homeownership Program will continue to be implemented to provide homeownership opportunities for the HACLV residents and Section 8 participants. Additionally, the HACLV will pursue new initiatives to acquire homes for resale to perpetuate homeownership opportunities. HACLV is also seeking to partner with private developers to further increase low and moderate income housing units in excess of 400 units within the next 3 years.

Actions to Foster Housing Improvements

The Housing Authority has expanded the Section 8 Housing Choice Voucher Program to be the largest in the State of Nevada with 4,201 vouchers. The Section 8 Program has also been expanded utilizing Project-Based Assistance at Juan Garcia Gardens. This 52-unit complex is providing additional affordable housing for families at or below 50 percent (%) of area median income.

Additionally, HACLTV has implemented its Section 8 Homeownership Program option and currently has thirteen (13) participants under contract. This program allows the Section 8 Voucher subsidy to be utilized for mortgage payments versus rental assistance. Participants must be graduates of the Section 8 Family Self Sufficiency (FSS) program.

Section 8 Family Self-Sufficiency Efforts

HACLTV continues to develop programs and partnerships to foster self-sufficiency opportunities for the participants. These activities include enrollment of 100 percent (%) of the 161 mandatory FSS placements. The program has had 61 graduates of which 19 became homeowners (13 of these utilized the Section 8 Homeownership Vouchers). A voluntary Family Self-Sufficiency program has been recently implemented with participation from 250 individuals at present.

Other efforts include receiving non-HUD grant funding to provide services. HACLTV pursued and obtained a grant for a program entitled Sports Builds Positive Youth. The grant is for \$15,000 and provides funds for at risk youth moving into areas of low poverty to participate in sports programs, art classes, dance classes and other pro-active activities to improve self-esteem. One of the most successful partnerships has been with the Foundation for an Independent Tomorrow. This agency provides funds for participants who want to return to school for vocational training. Tuition, childcare and transportation costs are paid via a grant for eligible participants. The agency has funded in excess of \$40,000 to date. Once again, HACLTV received funding from the Federal Home Loan Bank of San Francisco through its Individual Development Empowerment Account Grant (IDEA) for down payment assistance for participants seeking homeownership. Finally, HACLTV also received a HUD grant in the amount of \$187,000 to assist in paying salaries for FSS Coordinators.

Public Housing Self-Sufficiency Efforts

Public Housing Self-Sufficiency is currently serving 188 residents. There were 10 graduates of which 5 have become homeowners. Eighteen (18) FSS clients are enrolled in vocational training and 106 were referred for employment opportunities.

Other efforts included receiving two non-HUD funded grants. The Children's Trust Fund awarded \$28,000. HACLTV also received a grant in the amount of \$136,000 to assist in paying salaries for FSS Coordinators.

HACLTV has developed a Memorandum of Understanding (MOU) with the following service providers to enhance availability of services:

- Hispanic Association for Bilingual Literacy and Education (HABLE)
- Frontier Girl Scouts

- YMCA
- Home Instruction Program for Preschool Youngsters (HIPPY)
- Nevada Business Services
- Nevada Association of Latin Americans (NALA)

2. Housing Authority Performance

Not Applicable. For 2004-2005, the HACLV received a designation status of high performer from HUD's public housing assessment system score. HACLV also received a designation of High Performer from HUD's Section 8 Management Assessment score (100%) for FY 2005.

Barriers to Affordable Housing

1. Describe the actions that will take place during the next year to remove barriers to affordable housing.

Program Year 3 Action Plan Barriers to Affordable Housing response:

1. Actions to Remove Barriers to Affordable Housing

The City plans to undertake the following actions during the next year to remove barriers to affordable housing:

- Assist affordable housing developers with the development process and how to obtain project building permits in a timely manner
- Continue to participate in the Southern Nevada Regional Planning Coalition (SNRPC) workforce housing and homeless committee meetings
- Continue to partner with community non-profit and for-profit housing developers
- Continue to partner with the Clark County School District (CCSD) through the Homeownership for Educators program
- Continue to purchase, rehabilitate, and resell vacant houses for homeownership through the Community Partnership Investment Program (CPIP)
- Coordinate affordable housing projects with City of Henderson, City of North Las Vegas, Clark County, and the State of Nevada
- Establish a Community Land Trust for affordable housing
- Explore incentives for developers of affordable housing such as density bonus, development fee waivers, and property tax abatements for a specified period of time
- Explore policies that will help slow down the conversion of apartments to condominiums
- Explore partnership opportunities with the Southern Nevada Home Builders Association (SNHBA)

- Explore the creation of an inventory of existing real estate sites, including any potential development problems, and market these sites for affordable housing development
- Explore using tax increment financing for infrastructure improvements and other site improvements in redevelopment areas to help attract developers to build affordable housing
- Investigate the effectiveness of modular housing by increased time savings, production ease, and reduced construction financing costs
- Improve public infrastructure, facilities, parks, and safety in CDBG target areas to attract more affordable housing development
- Research best practices nationwide for affordable housing policies and programs
- Work with the Bureau of Land Management (BLM) to purchase Federal lands to be set-aside for affordable housing development
- Work with other City departments to reduce or waive development fees for developers of affordable housing projects

HOME/ American Dream Down payment Initiative (ADDI)

1. Describe other forms of investment not described in § 92.205(b).
2. If the participating jurisdiction (PJ) will use HOME or ADDI funds for homebuyers, it must state the guidelines for resale or recapture, as required in § 92.254 of the HOME rule.
3. If the PJ will use HOME funds to refinance existing debt secured by multifamily housing that is that is being rehabilitated with HOME funds, it must state its refinancing guidelines required under § 92.206(b). The guidelines shall describe the conditions under which the PJ will refinance existing debt. At a minimum these guidelines must:
 - a. Demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing.
 - b. Require a review of management practices to demonstrate that disinvestments in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated.
 - c. State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.
 - d. Specify the required period of affordability, whether it is the minimum 15 years or longer.
 - e. Specify whether the investment of HOME funds may be jurisdiction-wide or limited to a specific geographic area, such as a neighborhood identified in a neighborhood revitalization strategy under 24 CFR 91.215(e)(2) or a Federally designated Empowerment Zone or Enterprise Community.
 - f. State that HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

4. If the PJ is going to receive American Dream Down payment Initiative (ADDI) funds, please complete the following narratives:
 - a. Describe the planned use of the ADDI funds.
 - b. Describe the PJ's plan for conducting targeted outreach to residents and tenants of public housing and manufactured housing and to other families assisted by public housing agencies, for the purposes of ensuring that the ADDI funds are used to provide down payment assistance for such residents, tenants, and families.
 - c. Describe the actions to be taken to ensure the suitability of families receiving ADDI funds to undertake and maintain homeownership, such as provision of housing counseling to homebuyers.

Program Year 3 Action Plan HOME/ADDI response:

1. Other Forms of Investment not Described in 24 CFR 92.205(b)

Regarding the use of HOME and ADDI funds, the City does not plan to use other forms of investment not described in 24 CFR 92.205(b).

2. Resale/Recapture Guidelines for HOME and ADDI Funds

The City currently uses the recapture method for HOME and ADDI funds for homeownership. The City uses the resale method for multi-family projects. According to 24 CFR Part 92.254(a)(5), the City may use either resale or recapture requirements on properties sold or refinanced that were assisted with HOME or ADDI funds.

The City uses recapture requirements for homebuyer and homeowner rehabilitation assistance projects with HOME and ADDI funds. According to CFR 92.254(a)(5)(ii)(A)(3), the City may recapture all or part of the HOME or ADDI funding if the housing does not continue to be the principal residence of the family for the duration of the period of affordability or if the homebuyer goes into foreclosure. The amount of HOME or ADDI funds recaptured will depend upon the net proceeds obtained through the foreclosure or when the housing no longer was the principal residence of the family that was assisted.

The State of Nevada's Housing Division currently imposes a perpetual recapture requirement for any affordable housing project funded with HOME funds that it receives from HUD (State HOME funds), or with the State Low-Income Housing Trust Fund (LIHTF). The State of Nevada has imposed a 30-year affordability requirement for LIHTF-assisted projects.

3. Refinancing Guidelines

The City does not plan to use HOME funds to refinance existing debt secured by multifamily housing that is being rehabilitated with HOME funds.

4. ADDI Program

a. The City of Las Vegas ADDI program is administered by the Neighborhood Services Department, Neighborhood Development Division (NDD). The City of Las Vegas ADDI program application process includes an Request for Proposal (RFP) that will solicit applications from Nevada-based 501 (c)(3) or 501 (c)(4) nonprofit organizations.

The City requires that nonprofit organizations (subrecipients) provide all required services and follow all other program requirements for subrecipients as defined in the ADDI Definitions and referenced in the NDD HOME Program Subrecipient Program Manual as it pertains to the City's Welcome Home Homebuyer Assistance Program.

b. Subrecipients must provide a plan that:

- Conducts targeted outreach to residents and tenants of public and manufactured housing and to other families assisted by public housing;
- Describes the actions to be taken to ensure the suitability and eligibility of families receiving ADDI assistance to undertake and maintain homeownership; and
- Provides housing counseling by a HUD certified housing counselor.

HOMELESS

Specific Homeless Prevention Elements

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Sources of Funds—Identify the private and public resources that the jurisdiction expects to receive during the next year to address homeless needs and to prevent homelessness. These include the McKinney-Vento Homeless Assistance Act programs, other special federal, state and local and private funds targeted to homeless individuals and families with children, especially the chronically homeless, the HUD formula programs, and any publicly-owned land or property. Please describe, briefly, the jurisdiction's plan for the investment and use of funds directed toward homelessness.
2. Homelessness—In a narrative, describe how the action plan will address the specific objectives of the Strategic Plan and, ultimately, the priority needs identified. Please also identify potential obstacles to completing these action steps.
3. Chronic homelessness—The jurisdiction must describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness by 2012. Again, please identify barriers to achieving this.

4. Homelessness Prevention—The jurisdiction must describe its planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.
5. Discharge Coordination Policy—Explain planned activities to implement a cohesive, community-wide Discharge Coordination Policy, and how, in the coming year, the community will move toward such a policy.

Program Year 3 Action Plan Special Needs response:

1. Sources of Funds

2006 Continuum of Care (COC)

As a result of the regional planning efforts of the SNRPC Committee on Homelessness, the 2006 Continuum of Care (COC) received \$4,633,040 in Federal funds that will be used to provide housing and supportive services for homeless individuals and families in the Las Vegas region. The Committee includes the City of Las Vegas, City of Henderson, City of North Las Vegas, Boulder City, Clark County, Clark County School District, Southern Nevada Homeless Coalition, Southern Nevada Adult Mental Health, U.S. Department of Veteran Affairs, Las Vegas Metropolitan Police Department, and North Las Vegas Police Department. For more information, please refer to the COC Plan which is available online at http://www.co.clark.nv.us/social_service/homeless_default.htm.

According to the COC plan, the State of Nevada and eight (8) non-profit organizations will receive funding to provide housing and supportive services to homeless individuals and families. Table 19 below indicates the new COC projects including the agency name and the amount of COC funding.

Table 19 - New COC Project Funding

City of Las Vegas

The City of Las Vegas plans to use a total of \$1,102,698 in Federal funds for a range of programs that help address homelessness. This includes \$176,438 in CDBG, \$197,760 in ESG, \$300,000 in HOME, and \$428,500 in HOPWA funds. These programs will be administered by local non-profit organizations that provide assistance to homeless persons, homeless families, and help to prevent homelessness. Table 21 below lists the Organization, Homeless Activity, Amount, and Funding Source by HUD Matrix Code.

2. Homelessness – Priorities and Specific Objectives

The City plans to address the specific objectives of the strategic plan and priority needs through several programs that help to address homelessness. Please refer to the Action Plan project worksheets for a project description, specific objective, performance measure, and outcome of each proposed program that addresses homelessness. Table 22 below shows the Homeless activities, accomplishment

types, and goals that the City is proposing to complete in 2008-2009 by funding source.

Table 22 - Homeless Activities for 2009-2010

05D - Youth Services	01 - People	27	CDBG
05S - Rental Housing Subsidies	04 - Households	75	HOME

All of the Homeless Activities included in Table 22 are High (H) Priority Needs. For more details, please refer to the Homeless Needs Table included in the 2006-2010 Consolidated Plan.

The City has completed the *Homes for Homeless Nevadans 10-Year Plan to Reduce Homelessness* in the City of Las Vegas. Please refer to the Homeless Strategic Plan section of the Consolidated Plan. The Homeless Strategic Plan outlines the City's 10-Year Plan strategies, action steps, and outcomes for reducing and ending homelessness. For more information, please refer to the City's 10-Year Plan to Reduce Homelessness which is available on the City's website at <http://www.lasvegasnevada.gov/files/Homes4HomelessNevadansPlan.pdf>.

The City has expanded the EVOLVE (Educational and Vocational Opportunities Leading to Valuable Experience) Program – designed to assist ex-offenders to reintegrate into the community – to include services for the homeless. The City also has allocated some of its Winter Weather Shelter funds (General Funds) to create its Emergency Housing Assistance Program – designed to provide emergency rental and utility assistance to households at-risk of becoming homeless or currently experiencing homelessness.

Potential obstacles to achieving the City's objectives, stated in the City's 10-Year Plan to Reduce Homelessness, are the increasing land and housing costs in the City. In addition, rents in the City have increased significantly. The supply of affordable rental apartment units is decreasing due to the large number of apartments converting to condominiums. According to the City's 10-Year Plan to Reduce Homelessness, another obstacle is that Clark County housing vouchers are substantially less than market rates for rental units. Another obstacle mentioned is that chronically homeless individuals with mental illness or addictions sometimes opt to live in unstructured environments and often refuse assistance. There is a greater need for treatment services for the mentally ill and substance abuse homeless subpopulations due to the increased population. The development of new shelters and expansion of current shelters for the homeless will be more difficult as housing and construction costs increase.

According to the COC, the development of the regional approach to reduce chronic homelessness is still in its initial phase. The COC is also working on completing the Regional Homeless and Housing Plan. For additional potential obstacles for the Las Vegas community, please refer to the COC plan at http://www.co.clark.nv.us/social_service/homeless_default.htm.

3. Chronic Homelessness

As stated in the Homelessness section, the City has completed the *Homes for Homeless Nevadans 10-Year Plan to Reduce Homelessness* in the City of Las Vegas. For more information, please refer to the City's 10-Year Plan to Reduce Homelessness which is available on the City's website at <http://www.lasvegasnevada.gov/files/Homes4HomelessNevadansPlan.pdf>.

The City will also continue to be a participant in the meetings of the SNRPC Committee on Homelessness and the regional effort to end chronic homelessness by 2012. For the regional action steps related to chronic homelessness, please refer to the COC Plan which is available online at http://www.co.clark.nv.us/social_service/homeless_default.htm. The City's action steps are stated in the Homeless Strategic Plan section of the Consolidated Plan. Over the next year, the City is planning to fund several programs that provide assistance to the chronic homeless population (See Table 21).

Barriers include the implementation of the City's 10-Year Plan to Reduce Homelessness and the final approval of the Regional Homeless and Housing Plan for the Las Vegas Community. Available resources for the Homeless are not enough to sustain the increased demand by the homeless population for the assistance, services, and shelter beds. Increased housing costs have decreased the supply of permanent affordable housing units for those households making the transition to permanent housing.

4. Homelessness Prevention

Over the next year, the City is planning to fund several programs that provide assistance to individuals and families at risk of becoming homeless (See Table 21). Homeless prevention activities include tenant-based rental assistance, short-term rent, mortgage, and utility assistance, emergency food and resources assistance, transportation assistance, and other essential services. The City's action steps are stated in the Homeless Strategic Plan section of the Consolidated Plan. Please also refer to the City's 10-Year Plan which will be available online in print form at the Neighborhood Services Department. For the regional action steps related to homelessness prevention, please refer to the COC Plan which is available online at http://www.co.clark.nv.us/social_service/homeless_default.htm.

5. Discharge Coordination Policy

The City of Las Vegas will continue to work with Clark County and the State of Nevada on the community-wide Discharge Coordination Policy. For more information, please refer to the City's 10-Year Plan to Reduce Homelessness which

is available on the City's website at <http://www.lasvegasnevada.gov/files/Homes4HomelessNevadansPlan.pdf>. For regional discharge coordination policy information, please refer to the COC Plan which is available online at http://www.co.clark.nv.us/social_service/homeless_default.htm.

COMMUNITY DEVELOPMENT

Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

1. Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs Table (formerly Table 2B), public facilities, public improvements, public services and economic development.
2. Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons.

*Note: Each specific objective developed to address a priority need, must be identified by number and contain proposed accomplishments, the time period (i.e., one, two, three, or more years), and annual program year numeric goals the jurisdiction hopes to achieve in quantitative terms, or in other measurable terms as identified and defined by the jurisdiction.

Program Year 3 Action Plan Community Development response:

1. Community Development Priority Needs

The City plans to fund a variety of Community Development Activities that are high priority needs. Please refer to the Community Development Needs table for the entire list of priority needs. Other high priority needs include acquisition of real property, clearance and demolition, homeownership assistance, housing rehabilitation, planning, and HOPWA. The City's priority non-housing community

development needs for the Public Facilities and Improvements category are identified in Table 23 below.

2. Non-Homeless Special Needs Resources

The City's housing and community development activities and resources for non-homeless special needs populations are included in the housing, homeless, and community development sections. Please refer to the Action Plan project worksheets for a project description, performance measure, outcome, budget, and funding source for each proposed special needs program or project.

Housing Opportunities for People with AIDS

*Please also refer to the HOPWA Table in the Needs.xls workbook.

1. Provide a Brief description of the organization, the area of service, the name of the program contacts, and a broad overview of the range/ type of housing activities to be done during the next year.

2. Report on the actions taken during the year that addressed the special needs of persons who are not homeless but require supportive housing, and assistance for persons who are homeless.
3. Evaluate the progress in meeting its specific objective of providing affordable housing, including a comparison of actual outputs and outcomes to proposed goals and progress made on the other planned actions indicated in the strategic and action plans. The evaluation can address any related program adjustments or future plans.
4. Report on the accomplishments under the annual HOPWA output goals for the number of households assisted during the year in: (1) short-term rent, mortgage and utility payments to avoid homelessness; (2) rental assistance programs; and (3) in housing facilities, such as community residences and SRO dwellings, where funds are used to develop and/or operate these facilities. Include any assessment of client outcomes for achieving housing stability, reduced risks of homelessness and improved access to care.
5. Report on the use of committed leveraging from other public and private resources that helped to address needs identified in the plan.
6. Provide an analysis of the extent to which HOPWA funds were distributed among different categories of housing needs consistent with the geographic distribution plans identified in its approved Consolidated Plan.
7. Describe any barriers (including non-regulatory) encountered, actions in response to barriers, and recommendations for program improvement.
8. Please describe the expected trends facing the community in meeting the needs of persons living with HIV/AIDS and provide additional information regarding the administration of services to people with HIV/AIDS.
9. Please note any evaluations, studies or other assessments that will be conducted on the local HOPWA program during the next year.

Program Year 3 Action Plan HOPWA response:

1. Las Vegas HOPWA Project Sponsors

Aid for AIDS of Nevada (AFAN)

Organization Description: AFAN has been in operation since 1984. AFAN's mission is to provide support and advocacy for persons and families living with HIV/AIDS in an environment of understanding, compassion, and acceptance.

Activities: HOPWA funds are utilized primarily to prevent homelessness amongst HIV positive, disabled persons who are pending Social Security Disability (SSD). Short-term rent, mortgage, and utility assistance and supportive services are provided to prevent homelessness. Housing Placement Coordinator provides housing placement, resource identification and information. Tenant based rental assistance is provided through the parent and me program for HIV/AIDS clients and their families.

Area of Service: Clark County EMSA

Program Contact: Jennifer Morss, Executive Director

Caminar

Organization Description: Caminar has been serving the Las Vegas community since 1979. Caminar is dedicated to promoting, supporting and strengthening housing opportunities for individuals' infected/affected by HIV/AIDS and other physical disabilities.

Activities: Property/case management program through HOPWA funded units by assisting HIV/AIDS clients with very low income and their families. My Sister's Keeper Program – tenant based rental assistance, travel to and from medical appointments, and case management.

Area of Service: Clark County EMSA

Program Contact: Jim Stamper, Interim Executive Director

Community Counseling Center

Organization Description: Community Counseling Center has been in existence since 1990. Community Counseling Center is providing services to local residents in the areas of substance abuse, mental health intervention, family therapy, HIV/AIDS, Hepatitis C, and transitional housing.

Activities: Provide supportive services including mental health services, case management, and counseling to qualified persons with HIV/AIDS and their families.

Area of Service: Clark County EMSA

Program Contact: Ron Lawrence, Executive Director

Golden Rainbow

Organization Description: Golden Rainbow is a grass roots organization that was founded in 1987 by members of the entertainment industry who saw the need to provide housing for people with HIV/AIDS. Golden Rainbow provides housing and direct financial assistance to men, women and children living with HIV/AIDS in Southern Nevada.

Activities: Provide emergency assistance for rent, essential utilities and supportive services to qualified persons with HIV/AIDS and their families. Provide housing operations and supportive services of housing units.

Area of Service: Clark County EMSA

Program Contact: Lea Clayville, Executive Director

HELP of Southern Nevada

Organization Description: HELP of Southern Nevada was founded in 1970. HELP of Southern Nevada's mission is to serve with care and assist families and individuals throughout Southern Nevada to overcome barriers and attain self-sufficiency through direct services, training, and referral to community resources.

Activities: Provide food vouchers through HOPWA funding, as well as bus tokens, personal hygiene items and housing information funded through other grants. Maintain an affordable housing database and website for HIV/AIDS clients and the agencies that serve them.

Area of Service: Clark County EMSA

Program Contact: Terrie Stanfill, Executive Director

Nevada Association of Latin Americans (NALA)

Organization Description: NALA was founded in 1969. NALA's mission is to improve opportunity and quality of life for people of all ages, by providing individuals and families of low to moderate incomes outstanding educational and social services in a climate of caring and mutual respect.

Activities: Provides short-term rental, mortgage, and utility assistance and supportive services, primarily in the Hispanic community, for persons with HIV/AIDS and their families.

Area of Service: Clark County EMSA

Program Contact: Terrie De La Torre, Executive Director

Women's Development Center

Organization Description: Women's Development Center (WDC) was founded in 1987. WDC is committed to providing opportunities to economically disadvantaged families to secure transitional, permanent rental housing and home ownership. WDC also provides supportive services to families to attain long-term self-sufficiency and combat "the cycle of poverty".

Activities: Provides housing operations, project-based rental assistance and supportive services for HIV/AIDS clients and their families.

Area of Service: Clark County EMSA

Program Contact: Candace Ruisi, Executive Director

5. Public and Private Resources Leveraged

Las Vegas HOPWA project sponsors have funding resources for their HOPWA projects from a range of funding sources. Table 30 below lists the amount of public and private resources leveraged for each HOPWA Project Sponsor.

Table 30 - Resources Leveraged by HOPWA Projects

Project No.	Organization / Project	Amount Leveraged
66	Aid for AIDS of Nevada (AFAN) – Case Coordinators	\$1,682,613.00
67	AFAN – Housing Placement Coordinator	
68	AFAN – Parent and Me Program	
69	AFAN – Short-term Rent, Mortgage, and Utility Assistance and Supportive Services	
71	Caminar – Property Case Management	\$35,000

Project No.	Organization / Project (continued)	Amount Leveraged
72	Community Counseling Center – HIV Supportive Services	\$159,010
73	Golden Rainbow – Living with AIDS Program	\$248,943
74	HELP of Southern Nevada – Food Vouchers	\$937,342
75	NALA – HOPWA Housing and Supportive Services	\$185,012
76	Women’s Development Center – HOPWA Affordable Housing	\$55,013

6. Geographic Distribution of Funds

Please refer to the HOPWA project worksheets for locations of project sponsor offices. Project sponsor offices and housing units are located throughout the Las Vegas Metropolitan Area. Project sponsors provide assistance to clients that live within the Clark County EMSA, including City of Las Vegas, Clark County, City of North Las Vegas, and City of Henderson. HOPWA housing activities include project sponsor owned housing units for operations and maintenance, project-based and tenant-based rental assistance, short-term rent, mortgage, and utility assistance, and housing information and placement services.

7. Barriers Encountered and Actions in Response

Barriers Encountered include:

- Expensive land to build affordable housing for persons with HIV/AIDS and their families
- Lack of availability of properties that can be rehabilitated near hospital and medical facilities for affordable housing for persons with HIV/AIDS and their families
- Lack of housing development experience among HOPWA service providers
- Limited amount of available resources to provide housing assistance and supportive services to persons with HIV/AIDS and their families
- Lack of community support and NIMBYism (Not In My Backyard) towards special needs housing

For more information on barriers encountered by persons with HIV/AIDS, please refer to the Las Vegas EMA Ryan White Title I Planning Council Comprehensive Care Plan, which is available on their website at <http://www.lasvegasema.org/planningcouncil/needsandcare.html> and in print form at the Ryan White Title I Planning Council Office, 333 N Rancho Drive, Suite 390, Las Vegas, NV 89106, or call (702) 933-9603.

Actions in Response to Barriers / Recommendations for Program Improvement include:

- Provide technical assistance as needed to HOPWA service providers
- HOPWA service providers are now meeting on a regular basis to avoid duplication of services and to track their clients
- Fund non-profit housing developers that form partnerships with HOPWA service providers that acquire, build or rehabilitate affordable housing for persons with HIV/AIDS and their families
- Draft a Request for Proposals for HOPWA acquisition/construction/rehabilitation projects open to HOPWA service providers and non-profit housing developers
- Seek additional funding resources for affordable housing projects and supportive services
- HOPWA project sponsors are increasing the number of special fundraising events and are getting the private sector involved to help fund their programs and projects
- Fund HIV/AIDS educational workshops and outreach programs to promote community support

For more information on the City's actions in response to barriers and recommendations, please refer to the most recent CAPER for the City of Las Vegas.

8. Community Trends

According to the Clark County Health District (CCHD), there were 2,993 individuals with HIV and 4,358 individuals with AIDS in Clark County as of December 2005. Numbers are inclusive of both dead and living individuals. The number of new diagnoses of AIDS was 247 individuals in 2007. According to the CCHD, black, non-hispanics represent one of the disproportionate populations of new HIV cases with the highest rates (43.7 per 100,000) and percentages (Males 19%, Females 38%) considering they represent only 9.1% of the population. White individuals have the largest percentage of new HIV cases with 48 percent (%), followed by Hispanic individuals at 25 percent (%), and Black individuals at 22 percent (%).

According to HOPWA project sponsors, the number of new clients with HIV/AIDS and their families seeking assistance is increasing every month. HOPWA project sponsors are seeking additional HOPWA and other funding sources to meet this increasing demand of the HIV/AIDS population in Clark County.

For additional community trends information, please refer to the 2006-2010 City of Las Vegas Consolidated Plan and the Las Vegas EMA Ryan White Title I Planning Council Comprehensive Care Plan which is available on their website at <http://www.lasvegasema.org/planningcouncil/needsandcare.html> and in print form at the Ryan White Title I Planning Council Office, 333 N Rancho Drive, Suite 390, Las Vegas, NV 89106, or call (702) 933-9603.

9. Evaluations, Studies, and Assessments

The City will continue to monitor all HOPWA project sponsors for program compliance and study performance measures, outputs, and outcomes. No additional evaluations, studies, and/or assessments of the HOPWA program are planned for the next program year.

Specific HOPWA Objectives

Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by the Action Plan.

Program Year 4 Specific HOPWA Objectives response:

1. Specific HOPWA Objectives

Table 31 below indicates the specific HOPWA objectives for each HOPWA activity. Information is included on the accomplishment type, goal, and funding sources for each HOPWA activity for 2009-2010. Please refer to the Action Plan project worksheets for a project description, funding amount, funding source, specific objective, performance measure, and outcome of each proposed HOPWA project.

Completing Part 1: Homeless Population. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The counts must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Completing Part 2: Homeless Subpopulations. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The numbers must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Sheltered Homeless. Count adults, children and youth residing in shelters for the homeless. "Shelters" include all emergency shelters and transitional shelters for the homeless, including domestic violence shelters, residential programs for runaway/homeless youth, and any hotel/motel/apartment voucher arrangements paid by a public/private agency because the person or family is homeless. Do not count: (1) persons who are living doubled up in conventional housing; (2) formerly homeless persons who are residing in Section 8 SRO, Shelter Plus Care, SHP permanent housing or other permanent housing units; (3) children or youth, who because of their own or a parent's homelessness or abandonment, now reside temporarily and for a short anticipated duration in hospitals, residential treatment facilities, emergency foster care, detention facilities and the like; and (4) adults living in mental health facilities, chemical dependency facilities, or criminal justice facilities.

Unsheltered Homeless. Count adults, children and youth sleeping in places not meant for human habitation. Places not meant for human habitation include streets, parks, alleys, parking ramps, parts of the highway system, transportation depots and other parts of transportation systems (e.g. subway tunnels, railroad car), all-night commercial establishments (e.g. movie theaters, laundromats, restaurants), abandoned buildings, building roofs or stairwells, chicken coops and other farm outbuildings, caves, campgrounds, vehicles, and other similar places.

**PUBLIC NOTICE
CITY OF LAS VEGAS
2009-2010 ACTION PLAN
FOR HOUSING AND COMMUNITY DEVELOPMENT**

Draft copies of the city of Las Vegas 2009-2010 Action Plan for Housing and Community Development are now available for a 30-day public review and comment period. The Action Plan outlines the housing and community development strategies and activities for the use of the U.S. Department of Housing and Urban Development's (HUD) formula grant program funds. These programs include the American Dream Down payment Initiative (ADDI), Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), HOME Investment Partnerships (HOME), and Housing Opportunities for Persons with AIDS (HOPWA). These programs will target eligible low and moderate-income residents, special needs populations, and low and moderate-income residential areas in the city of Las Vegas. The HOPWA program will target eligible persons and activities located throughout Clark County.

The Action Plan outlines the housing and community development strategies and activities which will be undertaken by the city of Las Vegas for the period of July 1, 2008 through June 30, 2009. The preparation of this plan included extensive opportunities for citizen input and comment. The city of Las Vegas held focus group community meetings, public hearings, and public meetings and consulted with several non-profit and for-profit organizations, and government agencies.

The housing and community development strategies and activities included in this plan will seek to achieve HUD's goals to provide decent housing, a suitable living environment, and expand economic opportunities in the city of Las Vegas. Affordable housing activities include new affordable housing construction, housing rehabilitation, rental assistance, homeownership assistance, and housing assistance for persons with special needs. Homeless activities include providing essential services for homeless persons, operating costs of homeless shelters, and transitional housing. Community development activities include new construction and rehabilitation of public facilities, infrastructure improvements, and public services for disabled persons, youth programs, affordable child care, senior services, and employment assistance.

The Action Plan must be submitted to HUD by May 15, 2009 for HUD's review and approval. If you would like to receive copies of the Draft Action Plan, please contact the **city of Las Vegas Neighborhood Services Department at 229-2330** or email a request with your name and address to: rlister@lasvegasnevada.gov. **All comments on the Draft Action Plan must be submitted in writing no later than 5:00 p.m. on Monday, April 28, 2008 to:**

Chris Anderson, Neighborhood Services Department, 400 Stewart Avenue, 2nd Floor, Las Vegas, NV 89101, rlister@lasvegasnevada.gov
