Dear Ms. Fretwell:

On behalf of Attorney General Eric Holder, it is my pleasure to inform you that the Office of Justice Programs has approved your application for funding under the FY 09 Edward Byrne Memorial Justice Assistance Grant Program: Local Solicitation in the amount of \$1,822,534 for City of Las Vegas.

Enclosed you will find the Grant Award and Special Conditions documents. This award is subject to all administrative and financial requirements, including the timely submission of all financial and programmatic reports, resolution of all interim audit findings, and the maintenance of a minimum level of cash-on-hand. Should you not adhere to these requirements, you will be in violation of the terms of this agreement and the award will be subject to termination for cause or other administrative action as appropriate.

If you have questions regarding this award, please contact:

- Program Questions, Kathy Mason, Program Manager at (202) 514-8692; and
- Financial Questions, the Office of the Chief Financial Officer, Customer Service Center (CSC) at (800) 458-0786, or you may contact the CSC at ask.ocfo@usdoj.gov.

Congratulations, and we look forward to working with you.

Sincerely,

Ms. Elizabeth Fretwell
City of Las Vegas
400 East Stewart Avenue
Las Vegas, NV 89101-2913

Dear Ms. Fretwell:

Congratulations on your recent award. In establishing financial assistance programs, Congress linked the receipt of Federal funding to compliance with Federal civil rights laws. The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice is responsible for ensuring that recipients of financial aid from OJP, its component offices and bureaus, the Office on Violence Against Women (OVW), and the Office of Community Oriented Policing Services (COPS) comply with applicable Federal civil rights statutes and regulations. We at OCR are available to help you and your organization meet the civil rights requirements that come with Justice Department funding.

Ensuring Access to Federally Assisted Programs

As you know, Federal laws prohibit recipients of financial assistance from discriminating on the basis of race, color, national origin, religion, sex, or disability in funded programs or activities, not only in respect to employment practices but also in the delivery of services or benefits. Federal law also prohibits funded programs or activities from discriminating on the basis of age in the delivery of services or benefits.

Providing Services to Limited English Proficiency (LEP) Individuals

In accordance with Department of Justice Guidance pertaining to Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, recipients of Federal financial assistance must take reasonable steps to provide meaningful access to their programs and activities for persons with limited English proficiency (LEP). For more information on the civil rights responsibilities that recipients have in providing language services to LEP individuals, please see the website at <http://www.lep.gov>.

Ensuring Equal Treatment for Faith-Based Organizations

The Department of Justice has published a regulation specifically pertaining to the funding of faith-based organizations. In general, the regulation, Participation in Justice Department Programs by Religious Organizations; Providing for Equal Treatment of all Justice Department Program Participants, and known as the Equal Treatment Regulation 28 C.F.R. part 38, requires State Administering Agencies to treat these organizations the same as any other applicant or recipient. The regulation prohibits State Administering Agencies from making award or grant administration decisions on the basis of an organization's religious character or affiliation, religious name, or the religious composition of its board of directors.

The regulation also prohibits faith-based organizations from using financial assistance from the Department of Justice to fund inherently religious activities. While faith-based organizations can engage in non-funded inherently religious activities, they must be held separately from the Department of Justice funded program, and customers or beneficiaries cannot be compelled to participate in them. The Equal Treatment Regulation also makes clear that organizations participating in programs funded by the Department of Justice are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion. For more information on the regulation, please see OCR's website at <http://www.ojp.usdoj.gov/ocr/etfbo.htm>.

State Administering Agencies and faith-based organizations should also note that the Safe Streets Act, as amended; the Victims of Crime Act, as amended; and the Juvenile Justice and Delinquency Prevention Act, as amended, contain prohibitions against discrimination on the basis of religion in employment. Despite these nondiscrimination provisions, the Justice Department has concluded that the Religious Freedom Restoration Act (RFRA) is reasonably construed, on a case-by-case basis, to require that its funding agencies permit faith-based organizations applying for funding under the applicable program statutes both to receive DOJ funds and to continue considering religion when hiring staff, even if the statute that authorizes the funding program generally forbids considering of religion in employment decisions by grantees.

Questions about the regulation or the application of RFRA to the statutes that prohibit discrimination in employment may be directed to this Office.

Enforcing Civil Rights Laws

All recipients of Federal financial assistance, regardless of the particular funding source, the amount of the grant award, or the number of employees in the workforce, are subject to the prohibitions against unlawful discrimination. Accordingly, OCR investigates recipients that are the subject of discrimination complaints from both individuals and groups. In addition, based on regulatory criteria, OCR selects a number of recipients each year for compliance reviews, audits that require recipients to submit data showing that they are providing services equitably to all segments of their service population and that their employment practices meet equal employment opportunity standards.

Complying with the Safe Streets Act or Program Requirements

In addition to these general prohibitions, an organization which is a recipient of financial assistance subject to the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act (Safe Streets Act) of 1968, 42 U.S.C. § 3789d(c), or other Federal grant program requirements, must meet two additional requirements: (1) complying with Federal regulations pertaining to the development of an Equal Employment Opportunity Plan (EEO), 28 C.F.R. § 42.301-.308, and (2) submitting to OCR Findings of Discrimination (see 28 C.F.R. §§ 42.205(5) or 31.202(5)).

1) Meeting the EEO Requirement

In accordance with Federal regulations, Assurance No. 6 in the Standard Assurances, COPS Assurance No. 8.B, or certain Federal grant program requirements, your organization must comply with the following EEO reporting requirements:

If your organization has received an award for \$500,000 or more and has 50 or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare an EEO and submit it to OCR for review **within 60 days from the date of this letter**. For assistance in developing an EEO, please consult OCR's website at <http://www.ojp.usdoj.gov/ocr/eeop.htm>. You may also request technical assistance from an EEO specialist at OCR by dialing (202) 616-3208.

If your organization received an award between \$25,000 and \$500,000 and has 50 or more employees, your organization still has to prepare an EEO, but it does not have to submit the EEO to OCR for review. Instead, your organization has to maintain the EEO on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to OCR. The Certification Form can be found at <http://www.ojp.usdoj.gov/ocr/eeop.htm>.

If your organization received an award for less than \$25,000; or if your organization has less than 50 employees, regardless of the amount of the award; or if your organization is a medical institution, educational institution, nonprofit organization or Indian tribe, then your organization is exempt from the EEO requirement. However, your organization must complete Section A of the Certification Form and return it to OCR. The Certification Form can be found at <http://www.ojp.usdoj.gov/ocr/eeop.htm>.

2) Submitting Findings of Discrimination

In the event a Federal or State court or Federal or State administrative agency makes an adverse finding of discrimination against your organization after a due process hearing, on the ground of race, color, religion, national origin, or sex, your organization must submit a copy of the finding to OCR for review.

Ensuring the Compliance of Subrecipients

If your organization makes subawards to other agencies, you are responsible for assuring that subrecipients also comply with all of the applicable Federal civil rights laws, including the requirements pertaining to developing and submitting an EEO, reporting Findings of Discrimination, and providing language services to LEP persons. State agencies that make subawards must have in place standard grant assurances and review procedures to demonstrate that they are effectively monitoring the civil rights compliance of subrecipients.

If we can assist you in any way in fulfilling your civil rights responsibilities as a recipient of Federal funding, please call OCR at (202) 307-0690 or visit our website at <http://www.ojp.usdoj.gov/ocr/>.

Sincerely,

SPECIAL CONDITIONS

1. The recipient agrees to comply with the financial and administrative requirements set forth in the current edition of the Office of Justice Programs (OJP) Financial Guide.
2. The recipient acknowledges that failure to submit an acceptable Equal Employment Opportunity Plan (if recipient is required to submit one pursuant to 28 C.F.R. Section 42.302), that is approved by the Office for Civil Rights, is a violation of its Certified Assurances and may result in suspension or termination of funding, until such time as the recipient is in compliance.
3. The recipient agrees to comply with the organizational audit requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and further understands and agrees that funds may be withheld, or other related requirements may be imposed, if outstanding audit issues (if any) from OMB Circular A-133 audits (and any other audits of OJP grant funds) are not satisfactorily and promptly addressed, as further described in the current edition of the OJP Financial Guide, Chapter 19.
4. Recipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of OJP.
5. The recipient must promptly refer to the DOJ OIG any credible evidence that a principal, employee, agent, contractor, subgrantee, subcontractor, or other person has either 1) submitted a false claim for grant funds under the False Claims Act; or 2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving grant funds. This condition also applies to any subrecipients. Potential fraud, waste, abuse, or misconduct should be reported to the OIG by -

SPECIAL CONDITIONS

6. The grantee agrees to assist BJA in complying with the National Environmental Policy Act (NEPA), the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of these grant funds, either directly by the grantee or by a subgrantee. Accordingly, the grantee agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes. If it is determined that any of the following activities will be funded by the grant, the grantee agrees to contact BJA.

The grantee understands that this special condition applies to its following new activities whether or not they are being specifically funded with these grant funds. That is, as long as the activity is being conducted by the grantee, a subgrantee, or any third party and the activity needs to be undertaken in order to use these grant funds, this special condition must first be met. The activities covered by this special condition are:

- New construction;
- Minor renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
- A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;
- Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments; and
- Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

The grantee understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. The grantee further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed at <http://www.ojp.usdoj.gov/BJA/resource/nepa.html>, for programs relating to methamphetamine laboratory operations.

Application of This Special Condition to Grantee's Existing Programs or Activities: For any of the grantee's or its subgrantees' existing programs or activities that will be funded by these grant funds, the grantee, upon specific request from BJA, agrees to cooperate with BJA in any preparation by BJA of a national or program environmental assessment of that funded program or activity.

7. To avoid duplicating existing networks or IT systems in any initiatives funded by BJA for law enforcement information sharing systems which involve interstate connectivity between jurisdiction, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the grantee can demonstrate to the satisfaction of BJA that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.
8. To support public safety and justice information sharing, OJP requires the grantee to use the National Information Exchange Model (NIEM) specifications and guidelines for this particular grant. Grantee shall publish and make available without restriction all schemas generated as a result of this grant to the component registry as specified in the guidelines. For more information on compliance with this special condition, visit <http://www.niem.gov/implementationguide.php>.
9. The recipient is required to establish a trust fund account. (The trust fund may or may not be an interest-bearing account.) The fund, including any interest, may not be used to pay debts or expenses incurred by other activities beyond the scope of the Edward Byrne Memorial Justice Assistance Grant Program (JAG). The recipient also agrees to obligate and expend the grant funds in the trust fund (including any interest earned) during the period of the grant. Grant funds (including any interest earned) not expended by the end of the grant period must be returned to the Bureau of Justice Assistance no later than 90 days after the end of the grant period, along with the final submission of the Financial Status Report (SF-269).

AWARD DATE 08/26/2009

SPECIAL CONDITIONS

10. The grantee agrees to comply with all reporting, data collection and evaluation requirements, as prescribed by law and detailed by the BJA in program guidance for the Justice Assistance Grant (JAG) Program. Compliance with these requirements will be monitored by BJA.
11. The recipient agrees that any information technology system funded or supported by OJP funds will comply with 28 C.F.R. Part 23, Criminal Intelligence Systems Operating Policies, if OJP determines this regulation to be applicable. Should OJP determine 28 C.F.R. Part 23 to be applicable, OJP may, at its discretion, perform audits of the system, as per the regulation. Should any violation of 28 C.F.R. Part 23 occur, the recipient may be fined as per 42 U.S.C. 3789g(c)-(d). Recipient may not satisfy such a fine with federal funds.
12. The recipient agrees to ensure that the State Information Technology Point of Contact receives written notification regarding any information technology project funded by this grant during the obligation and expenditure period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these grant funds. In addition, the recipient agrees to maintain an administrative file documenting the meeting of this requirement. For a list of State Information Technology Points of Contact, go to <http://www.it.ojp.gov/default.aspx?area=policyAndPractice&page=1046>.
13. The grantee agrees to comply with the applicable requirements of 28 C.F.R. Part 38, the Department of Justice regulation governing "Equal Treatment for Faith Based Organizations" (the "Equal Treatment Regulation"). The Equal Treatment Regulation provides in part that Department of Justice grant awards of direct funding may not be used to fund any inherently religious activities, such as worship, religious instruction, or proselytization. Recipients of direct grants may still engage in inherently religious activities, but such activities must be separate in time or place from the Department of Justice funded program, and participation in such activities by individuals receiving services from the grantee or a sub-grantee must be voluntary. The Equal Treatment Regulation also makes clear that organizations participating in programs directly funded by the Department of Justice are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion. Notwithstanding any other special condition of this award, faith-based organizations may, in some circumstances, consider religion as a basis for employment. See http://www.ojp.gov/about/ocr/equal_fbo.htm.
14. The recipient acknowledges that all programs funded through subawards, whether at the state or local levels, must conform to the grant program requirements as stated in BJA program guidance.
15. Grantee agrees to comply with the requirements of 28 C.F.R. Part 46 and all Office of Justice Programs policies and procedures regarding the protection of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent.
16. Grantee agrees to comply with all confidentiality requirements of 42 U.S.C. section 3789g and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. Grantee further agrees, as a condition of grant approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, section 22.23.
17. The recipient agrees that funds received under this award will not be used to supplant State or local funds, but will be used to increase the amounts of such funds that would, in the absence of Federal funds, be made available for law enforcement activities.

Memorandum To: Official Grant File

From: M. A. Berry, Environmental Coordinator

Subject: Incorporates NEPA Compliance in Further Developmental Stages for City of Las Vegas

The Edward Byrne Memorial Justice Assistance Grant Program (JAG) allows states and local governments to support a broad range of activities to prevent and control crime and to improve the criminal justice system, some of which could have environmental impacts. All recipients of JAG funding must assist BJA in complying with NEPA and other related federal environmental impact analyses requirements in the use of grant funds, whether the funds are used directly by the grantee or by a subgrantee or third party. Accordingly, prior to obligating funds for any of the specified activities, the grantee must first determine if any of the specified activities will be funded by the grant.

The specified activities requiring environmental analysis are:

- a. New construction;
- b. Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
- c. A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;
- d. Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments; and
- e. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

Complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. Further, for programs relating to methamphetamine laboratory operations, the preparation of a detailed Mitigation Plan will be required. For more information about Mitigation Plan requirements, please see <http://www.ojp.usdoj.gov/BJA/resource/nepa.html>.

Please be sure to carefully review the grant conditions on your award document, as it may contain more specific information about environmental compliance.

The Edward Byrne Memorial Justice Assistance Grant Program (JAG) allows states and units of local governments, including tribes, to support a broad range of activities to prevent and control crime based on their own state and local needs and conditions. Grant funds can be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for criminal justice, including for any one or more of the following purpose areas: 1) law enforcement programs; 2) prosecution and court programs; 3) prevention and education programs; 4) corrections and community corrections programs; 5) drug treatment and enforcement programs; 6) planning, evaluation, and technology improvement programs; and 7) crime victim and witness programs (other than compensation).

The disparate jurisdictions consisting of Clark County and the cities of Las Vegas, Henderson, and North Las Vegas will use their Fiscal Year 2009 JAG award in the amount of \$1,822,534 to support personnel, equipment purchases, and multi-agency information technology programs across the county. The city of Las Vegas,

acting as the fiscal agent, will use its portion to hire a Court Compliance Officer, restore a full-time bilingual victim witness advocate to provide timely and accurate criminal justice information and assistance to victims of crimes, and support a Neighborhood Services Inmate Discharge Planning Initiative. This initiative will assist with employment placement and employment retention of 80 formally incarcerated or court involved individuals on an annual basis. Clark County will use its portion of the grant within the Clark County District Attorney's Office, Eighth Judicial District Court, and Department of Family Services. Specifically, the county will fund two gang attorneys, a Specialty Court Specialist to improve retention and graduation rates of Adult Drug Court participants, and hire a program and office assistant to offer new, more intensive services to families in the child welfare system using the Triple P Positive Parenting Program. This program will also offer a parent support hotline to encourage the maintenance of newly learned parenting skills and explore the feasibility of implementing an online registration process for parents and caregivers in the community. The cities of Henderson and North Las Vegas have agreed to use their shares for the Clark County Shared Computer Operations for Protection and Enforcement and Wanted Vehicles System (SCOPE/WVS) project. This project is administered by the Clark County Department of Information Technologies (IT) and is the primary database used by the regional law enforcement agencies, including the Henderson and North Las Vegas Police Departments. Through a competitive process, Clark County IT will implement Phase 1A of the SCOPE/WVS project, which includes installing and configuring the development system's hardware and base software and to perform system testing to verify that the base system functions.

Need for the Program: To implement a continuum of probation-based practices as the means of increasing defendant accountability, compliance, all of which is for the purpose of enhancing public safety. The requested funding for the Compliance Officer Supervisor is part of an entire project designed to shift the court's operational paradigm to a probation-based/ compliance model.

Numbers to be Served: As of this date, 52,532 traffic related court filings (including 125 year to date case filings under aggressive driving) and 32,484 criminal court case filings are projected through June 30, 2010.

Program Activities: To recruit and hire one (1) Compliance Officer Supervisor under this ARRA funding opportunity thereby creating one job and preserving (six) the jobs of existing staff.

The Las Vegas Municipal Court (LVMC) Judges and court administration have been examining ways to improve defendant compliance. The court is in the process of reorganizing to strengthen defendant compliance at the staff level. The plan is to adapt a post-adjudication probation model, or to use LVMC's terminology, a "compliance model" and implement the same practices that support the goals of probation departments—ensuring compliance.

The implementation of an "in-house" Compliance Unit is a prudent and efficient way of implementing probation/compliance practices for LVMC. This new business practice is spearheaded by Court Administrator, James P. Carmany, who oversees a staff of 191 and an annual budget of \$19.3 million. Mr. Carmany's prior experience, relative to this project, was serving as Director of Clark County's Juvenile Court where he supervised its parole and probation departments for 9 years.

LVMC, a lower court of limited jurisdiction, has a state-certified Evaluation Center as part of its Alternative Sentencing and Education Division (ASED). The re-organization design of LVMC is consistent with both the Nevada Revised Statutes (NRS) Chapters 176 A, Probation and Suspension of Sentence, and Chapter 211A. The latter authorizes courts to mandate probation on a suspended sentence, and applies to misdemeanants served by Alternative Sentencing and Education Departments. However, to optimally protect public safety and impact recidivism rates, both face-to-face and telephone meetings with the court's projected annual 32,484 criminal court case filings, the court requires a Compliance Officer Supervisor to whom staff would report directly.

Las Vegas Municipal Court
Edward Byrne Memorial Edward Byrne Memorial Justice Assistance Grant Program
CFDA # 16.738,
2009-H2827-NV-DJ
PROGRAM NARRATIVE

The re-organization will model the Pacific Northwest cities of Renton and Spokane whose Municipal Court judges mandate their misdemeanants to their court's in-house probation department staff who then refers out to the community for other services. LVMC, although it does not yet have a formal Compliance Unit, has, however, the unique ability to provide many of its educational and substance abuse evaluation and testing services in-house instead of referring out like the Washington State's Municipal Court Probation models.

Obstacles to Optimal Project Implementation and Efficacy

The obstacle to LVMC's successful implementation is what the Las Vegas Municipal Court and other city departments in Las Vegas as well as across the nation face—the inability to hire due to severe revenue shortfalls. For LVMC, it is an experienced probation officer supervisor, or in LVMC's parlance, a "Compliance Officer Supervisor" that is the critically missing human resource piece. An experienced Compliance Officer Supervisor knows the defendant supervision and appropriate line staff training approaches and tools to make this newly added business practice a success.

This includes training staff how to administer and score defendant predictors of risk assessments such as the highly recommended LSI-R; conducting pre-and post-sentence investigations and writing recommendations to the judges; writing pre-plea recommendations, accurate reporting of probation violations; and overseeing the expeditious calendaring of probation revocation hearings. This individual will also have the experience of implementing a continuum of defendant compliance after they successfully complete their required mandates by connecting them with community referrals for appropriate case-by-case "after-care" services. Lastly, a qualified Compliance Officer Supervisor is needed at the staff level to lead the line staff of compliance officers to impart the responsibility that they do not currently have—the ability to enforce not just report defendant status updates. This missing piece is crucial at the staff level to better protect the public and lower recidivism rates.

Program Objectives: To affect a Probation Department Model within the Operational Structure of Municipal Court by reorganizing the court units.

Anticipated Project Outcomes

If fully funded, the court's reorganization and the addition of a Compliance Officer Supervisor provide several key outcomes:

- 1) It gives the court staff more leverage in terms of defendant compliance;
- 2) This shift has a strong potential of preventing future criminal activity, which supports the city's and court's public safety agenda;
- 3) This change is projected to reduce criminal caseloads by approximately 18% per judicial department for compliant-defendant status checks.
- 4) It ensures that the court is in full alignment with the Mayor and City Council's Strategic Business Plan priorities under public safety. To meet these key performance and outcome measures, it is important to arm staff with the tools they need to reinforce compliance.
- 5) It creates one new job position created for Compliance Officer Supervisor can successfully organize, supervise, and re-train existing six current staff (whose current job tasks can be performed by other courtroom clerks), and thus

PROGRAM NARRATIVE

6) preserve the jobs of these six existing staff.

Among the most important is 7) the reorganization of court staff duties into a highly effective operational framework that is optimally beneficial to public safety and one that advances the goal of lowering recidivism rates.

Sustainability

The court's sustainability plan will model P&P's collection of victim restitution, supervision, and program offender fees under NRS 211A.130. Defendant payment of fines, program and supervision fees are part of complying with court orders, and will include a sliding fee scale. Other grant funding will be pursued to augment the personnel and fringe beyond the life of this grant award.

The Byrne Justice Assistance Grant, administered through the Department of Justice, is very timely as it correlates with the Court's current and long-time consideration to shift the operational paradigm to a probation model.

Program Timeline or Project Plan:

Month 1: Seeking approval from the Mayor and City Council according to policy, followed by activities associated with recruiting, interviewing, and hiring;

Month 3: Implementing new Compliance related Policies and Procedures; staff training

Month 4: First of the quarterly reports submitted; meeting with city attorney and other Community Partners; re-locating affected staff to new work locations

Month 12: Project evaluation and reports on rates of defendant compliance at the previous six months; rate of revocations, collections; and initiated, issued; or satisfied warrants

Performance Measures Established to Ensure Grant Objectives are being Met:

No. 3 – Number of individuals receiving services;

No. 6 – Number of local initiatives implemented;

No. 8 – Number of program participants who completed (intended) programming;

No. 10 – Number of program participants who exhibit a desired change in a targeted behavior;

No. 15 – Number of criminal justice system or individual-serving professionals trained

No. 33 – Number of new FTEs funded with JAG funds

Anticipated Coordination Efforts: Office of the City Attorney

Number of Collaborative Partnerships Established: Partnerships have been on-going and will continue with city departments that include the Metropolitan Police Department (METRO), Neighborhood Services Department and the City Attorney's Office. There are at least seven (7) community agencies representing substance abuse prevention, transitional housing that have representative working with the court on various other projects.

Program Title: Victim Witness Advocate

Program Type: Restored

Start Date: October 1, 2009

End Date: September 30, 2013

Program Purpose Area Met: Crime victim and witness program (other than compensation)

The stagnated economy and home foreclosure crisis in Southern Nevada has created a myriad of problems for local government and social service agencies to keep up with. As bills and stress lingers, negative behaviors of residents and tourists rise to the surface. Violence, drinking, illicit drug use and addictive gambling contribute heavily to emotional and financial difficulties for these families. According to City of Las Vegas Case Management Tracking, domestic violence crimes; such as, battery, stalking, violation of protection orders and destruction of property or pets, along with incidents of driving under the influence dominate the misdemeanor crimes charged in Las Vegas.

In Fiscal Year 2008, there were nearly 8,900 requests for prosecution of domestic violence battery and violation of protection order crimes. In addition, there were more than 8,500 requests for prosecution of driving under the influence. These were requests for prosecution of incidents that occurred in the City of Las Vegas' boundaries.

According to the U.S. Census Bureau, American Community Survey 2007, the percent of persons of Hispanic or Latino origin had increased to more that 29% of the population in Las Vegas. Also of note from the 2000 U.S. census is the report that more than 26% of reporting individuals speak a language other than English at home. More than 25% of the victims assisted through the Victim Witness Program are Hispanic and approximately 10% speak only Spanish.

Need for the Program: In Fiscal Year 2008, there were nearly 8,900 requests for prosecution of domestic violence battery and violation or protection order crimes. In addition, there were more than 8,500 requests for prosecution of driving under the influence. These requests were for prosecution of incidents that occurred in the City of Las Vegas.

Unmet Needs:

Even though the Las Vegas Metropolitan Police Department employs advocates to provide services to crime victims throughout Clark County, victims of crimes where an arrest is made bypass the police advocates. Because an arrest was made, the case does not need to be investigated by a police detective and forwarded to a police advocate. These misdemeanor arrests are automatically closed in the detective bureau because the cases are automatically handled by the appropriate prosecutor's office. Nearly half of the 8,900 requests for prosecution were sent directly from the City of Las Vegas jail.

Many victims of domestic violence battery will have immediate needs that must be addressed, while the perpetrator is in jail. Advocates in the Las Vegas City Attorney's Office are trained to provide assistance from immediate crisis-mode to months and years after an incident. Copies of all domestic violence arrest reports are available to the City of Las Vegas victim witness advocates upon processing in data entry.

PROGRAM NARRATIVE

The bi-lingual victim witness advocate would be able to provide crisis intervention counseling, criminal justice information, case advocacy, referrals, information packets, emergency assistance and court escorts to any crime victims in Las Vegas, while specifically, addressing the needs of Spanish speaking victims.

Numbers to be Served: Due to the processing time in resolving criminal prosecutions, it is projected that an advocate funded by this grant would assist 30 new victims each month along with assisting 30 ongoing victims. Over the four year funding period, the advocate would assist 2,880 victims.

Program Activities: Advocates provide crisis intervention counseling, court information, referrals, resource packets, court escorts and act as liaisons between the prosecutor, judges, police officers and victims/witnesses.

Program Objectives: To restore a full-time bilingual victim witness advocate to provide timely and accurate criminal justice information/assistance to victims of crimes that occur in the City of Las Vegas.

Documenting Outcomes:

The victim witness advocates record all interactions with clients, prosecutors, investigators and other service providers on Contact Sheets. The contact sheets include personal identifier information on the victim and defendant, case number, police report number, court information, services and referrals provided as well as type and amount of contacts made (phone, mail or in person).

All interactions within a calendar month are recorded together. Contacts in subsequent months are recorded on Ongoing Contact Sheets. The average length of time to resolve a case in the City Attorney's Office is nine months. Most victims have extensive files with many contacts over several months and often are re-victimized during the pendency of the case.

Historically, it is recognized that domestic violence is a cycle of violence. Cycles repeat themselves. For every abusive situation, there will be similar thoughts and beliefs along with unique emotional and physical abuse. As domestic violence is similar and dissimilar, how, when and why a victim escapes the abusive relationship is also similar and dissimilar.

Education and resources are always factors in leaving an abusive relationship. Knowledge of beliefs, characteristics, community resources and the criminal justice process form the foundation the victim builds upon to leave the abuse. Each incident of domestic violence may not see the safe termination of the relationship or abuse, but the interactions continue to build on the foundation for the victim to draw from in the future. It is our belief that all of the clients are better off for learning about the criminal justice process, the beliefs and safety planning steps.

Holding the offenders accountable is a primary goal of this office. Enforcing Nevada's laws and securing sentences as dictated by the law are paramount. The City Attorney's Office employs investigators to locate witnesses and victims for testifying at trial.

PROGRAM NARRATIVE

Occasionally, the prosecutors must request orders to show cause or material witness warrants for the witnesses and victims to come to trial. Requests of this nature are extremely limited and only done in the cases of greatest concern.

Performance Measures Established to Ensure Grant Objectives are being Met:

No. 3 – Number of individuals receiving services;

No. 33 – Number of new FTEs funded with JAG funds;

Program Timeline: To post the Request for Position within 30 days of funding, then conduct interviews within two weeks of the position closing. Ideally, the individual selected would begin work within the first 90 days of funding.

Total Program Cost: \$252,156.33 JAG Funding Request: \$252,156.33

Cost effectiveness:

This request for Victims of Crime Act funds would reinstate funding a bi-lingual victim witness advocate. The request covers the salary and benefits for a full-time advocate. The City of Las Vegas has dedicated a work space, computer equipment, telephone and all office supplies necessary for the advocate to do the work she does.

All of the telephone voice mail messages and the resource materials produced by the Victim Witness Program are done in both English and Spanish. These resource materials include the agency brochure, testifying tips and a pocket safety plan.

Below is the Cost Per Unit Table: Year 1 would fund the position for six months, subsequent years are for twelve months.

As stated previously, the average length of time for a case to be resolved is nine months. Each victim is only documented as a new victim once per new victimization within a month. During subsequent months, contact sheets are tracked as Ongoing. However, the services and referrals provided each month will be for new and ongoing clients.

Requested Amount	Year 1 - \$35,000	Year 2 -\$71,000	Year 3 - \$72,250	Year 4 - \$73,750

Program Title: Discharge Planning Initiative – Employment Services

Program Type: New

Start Date: 10/1/2009

End Date: 9/30/2011

Program Purpose Area(s) Met:

- Law enforcement programs
- Prosecution and court programs
- Prevention and education programs
- Corrections and community corrections programs

Need for the Program:

On average, persons entering and staying in city jail cost local governments and tax payers between 90 and 100 dollars per day (\$2700 - \$3,000 month) for housing, which does not take into consideration cost for arrest, processing, court or medical cost. With the strain on existing budgets to include jail and court staff, the need for programs that assist in reduction of recidivism by providing employment services coupled with social interaction is both necessary and critical in reducing jail and court cost.

Over the course of the last 2 years, the city of Las Vegas Neighborhood Services Department in conjunction with the city's Department of Detention and Enforcement and Municipal Courts has been working to implement a Discharge Planning Initiative for inmates pending release from city jail, and/or released offenders who are still under court supervision. The program has assisted homeless inmates and or court involved individuals in locating appropriate housing, supportive services, and treatment, so that they return to safe and secure housing situations at the completion of their sentences.

In this ailing economy, however, one of the most critical components for ex-offenders is their ability to secure and maintain gainful employment. In today's job market, competition for employment opportunities has become increasingly intense and those with criminal records or other social issues find themselves competing against individuals who are sometimes highly qualified, highly educated, and have less social issues. Therefore, it is the intent of Neighborhood Services department to seek out job development and job placement services on behalf of ex-offender clients participating in the cities discharge planning initiative.

It is our intent and belief that by providing this population of ex-offenders job opportunities, coupled with intensive case management and wraparound social support they would be less likely to reoffend.

Numbers to be Served: 80 unduplicated participants, annually

With this funding the Neighborhood Services department plans to seek out job development services on behalf of clients participating in the discharge planning initiative to secure employment.

These activities include: submitting an RFP (Request for Proposal) in order to select service provider(s) to provide: Individualized Employment Development, Employment Coaching, Employment Placement, and Employment Retention Services. Client tracking will be provided by Neighborhood Services Caseworkers throughout the course of this project to ensure participants are receiving needed services and obtaining desired outcomes.

Program Objectives:

To assist with employment placement and employment retention of 80 (annually) formally incarcerated (city jails) or court involved individuals.

Program Timeline or Project Plan:

It is the intent of the Neighborhood Services Department to seek out employment development, employment placement, and employment retention services on behalf of ex-offender clients participating in the cities Discharge Planning Program. Contractors will be procured using the Request for Proposal process with contractors being paid in the following increments: *Employment Placement *3 Month Retention Mark * 6 Month Retention Mark

It should be noted that from Approximately May 2003 through June 2006, the City of Las Vegas previously contracted with a provider who provided employment development and placement services. However, to promote free and open competition, this contract will be bid on a competitive basis and will follow all necessary procurement procedures.

Participants will be selected based upon employment suitability, meaning that they have been assessed by a case worker and are deemed ready to work. Once determined suitable for program enrollment the program clients will be referred to the contractor for employment placement assistance.

- Program Enrollment
- Referral to Employment Developer (Contractor) Month 1
- Employment Placement by contractor (1 month from referral)
- 3 Month Retention Mark (3 Months from initial placement)
- 6 Month Retention Mark (6 Months from initial placement)
- On going follow-up by existing city staff 7 -12 months from initial placement

Program Type: New

Start Date: October 1, 2009

End Date: September 30, 2011

Program Purpose Area(s) Met: Planning, evaluation, and technology improvement programs

Need for the Program: The need for the project is so severe that the cities of North Las Vegas and Henderson requested their entire portion of their grant allotments be used for this project. The City of Las Vegas also requested that a portion of their eligible allotment be used for this project. The city of Mesquite, while not an eligible entity under this grant, also sent an e-mail endorsing this project as of significant value for their community.

SCOPE is a 24-hour, on-line computerized master name index. It provides information on individuals and businesses. It contains both criminal history (arrest and conviction-related data) and noncriminal history information (physical descriptors, work application information, traffic accidents, etc.). WVS is available through SCOPE terminals. It provides detailed information regarding local wanted or impounded vehicles. LVMPD information is entered, updated and maintained by the Police Records Bureau. Other Nevada agencies also enter information into the system and are responsible for entering, updating and maintaining their own information.

There are approximately 11,000 law enforcement and justice personnel ranging from officers to prosecutors who depend on an archaic 40 plus year old information system to gather intelligence to include, but not limited to criminal background checks, produce crime reports, or assist with determining sentencing in court. The Justice & Public Safety Community of Interest of the Information Technology Department for Clark County is managing the project for the new system. The new system will remove the risk of failure of an obsolete system and deliver new functionalities to law enforcement and justice stakeholders in Nevada.

PROGRAM NARRATIVE

Since July 2007, \$443,831 has been invested in an independent and comprehensive study of the legacy systems in Clark County, Nevada. The study produced a Needs Assessment, Business Case, Request for Proposal, and Strategic Plan documents. These documents substantiated the threat to law enforcement posed by the continued use of a Shared Computer Operations for Protection and Enforcement (SCOPE) system. The study also addressed the limitations of the 30 year old Wanted Vehicles System (WVS) as well. The study confirmed the need for a new system.

As a result of the study, a new Justice Information Sharing System was estimated at a cost of \$10.5 million dollars. Under the current economic duress for local governments, sufficient funding for the new system is not available. The project is divided into 5 phases to be funded as separate project components as monies become available.

Implementing a Justice Information Sharing System will initially improve information sharing in southern Nevada but open the door for other interested participating agencies across Nevada.

Numbers to be Served: Approximately 11,000 law enforcement and justice personnel

Program Activities: The project has raised \$383,000 (\$248,728 from a FY08 Homeland Security Grant and a local contribution of \$137,272 from Clark County.) for the Kick-Off (Phase 0). Phase 1 requires \$3.5 million to deliver the core system. The project is divided into 5 phases of activity:

- Phase 0-Kick Off: Develop detail specifications, system designs and an implementation plan through the use of FY08 HSGP and local Clark County funds – nearing completion.
- Phase 1A: Procure, install, and configure the development system's hardware and base software through the use of Local JAG. Local JAG funds will be expended to perform system testing to verify that the base system functions.
- Phase 1B: Procure, install, and configure the Staging system equipment and software environment through the use of State ARRA JAG funds. The new software will be adapted to address 1/3 of the mandatory criminal history repository requirements. A pilot group of agencies will be involved in the test and use of the application.
- Phase 1C: Procure, install, and configure the production level equipment and software environment through the use of State ARRA JAG funds. The remaining mandatory criminal history system requirements will be integrated into the new system. Users will be trained to use the new criminal history component of the new Justice Information Sharing System.

Program Objectives: To partially fund Phase 1 of the SCOPE/WVS Replacement Project
*NOTE: The total cost of the SCOPE/WVS project is not yet set in stone. Based on projections from the comprehensive study conducted by MTG Management Consultants, the estimated cost of the project is \$10,198,000. However, we are currently in the review portion of the RFP process, and are reviewing the three top scoring vendor proposals. Depending on the vendor, or vendors, that are selected after the presentation segment of the process, the final budget may be significantly less.

- Month 6: Install Staging Hardware Environment, Program in 1/3 of mandatory criminal history system requirements into software. Start to prep for installing the production hardware environment. Test and pilot software.
- Month 9: Build remaining mandatory criminal history system requirements into software.
- Month 10: Perform System and User base system.
- Month 12: Conduct Training
- Month 14: Release new system.

The project is in the process of executing a Request For Proposal. A revision of time estimates and activities will be produced after a vendor has been confirmed.

Performance Measures Established to Ensure Grant Objectives are being Met:

No. 42 - Number of contractual support hours paid with JAG funds;

No. 43 - Number of units that report a desired change in efficiency;

No. 44 - Number of units that report a desired change in program quality;

No. 45 - Amount of award expended for improvements to information systems for criminal justice systems;

No. 47 - Number units that completed improvements to information systems for criminal justice

No. 48 - Number of units that report a desired change in efficiency

No. 49 - Number of units that report a desired change in program quality

Anticipated Coordination Efforts: In a coordinated effort, the Nevada Department of Public Safety, City of North Las Vegas Police Department, Las Vegas Metropolitan Police Department, Henderson Police Department, Clark County (District Attorney, District and Justice Courts), and the City of Las Vegas (Detention and Enforcement, Municipal Court, and Office of the City Attorney) have collaborated to bring in a new Justice Information Sharing System (JISS).

Number of Collaborative Partnerships Established: 5 governmental entities

Total Program Cost: \$10,198,000* **JAG Funding Request:** \$808,377

A project cost, based on an average of the bids from the three highest scoring bids, is \$5,746,112.81. This is significantly lower than the estimated cost from the consultant; however, we are continuing to seek funds at the higher range to ensure that the total project receives needed funding. The project is requesting \$808,377 from this local Byrne JAG request and is requesting \$2,782,304 million from State ARRA JAG funds for Phase 1. The project is also pursuing an earmark¹ for \$1 million through Senator Harry Reid.

Program Title: Clark County District Attorney Gang Unit

Program Type: Expanded

Start Date: October 1, 2009

End Date: September 30, 2011

Program Purpose Area(s) Met: Prosecution and court programs.

Need for the Program: Clark County District Attorney's Office Gang Unit program enhancement. The frequency of violent gang activity is a major, ongoing problem in Southern Nevada. Gangs pose a threat to the safety of all citizens and visitors in Clark County. Gang members are responsible for a significant number of area homicides and commit a large percentage of robberies, assaults, home invasions and carjackings in Clark County. The following statistic charts help illustrate the extent of the problem (Source: LVMPD Crime Analysis Section). Affected Geographic Area - The area to be served under this project encompasses all of Clark County.

Problem Description – Violent gang activity is a major problem in Southern Nevada. Gangs pose a threat to the safety of Clark County citizens and visitors. As of December 2008, there were 9,852 known gang members and associates in Clark County (Charts Source: LVMPD Crime Analysis Section). There has been an increase of over 66% in the total number of gang members within the past five years.

General Information	2004	2005	2006	2007	2008
Gangs	395	704	292	355	454
Gang Members	5905	7042	8644	8098	9852
Gang Associates	2741	1897	1794	860	1541

Gangs are responsible for a significant portion of all violent deaths occurring within Clark County. In 2008 gang members were responsible for over 20% of all murders. Further, gang members commit a substantial portion of the robberies, home invasions and carjackings that occur in Las Vegas. Violent gang activity particularly impacts low income neighborhoods and minority populations.

LVMPD Violent Deaths	2004	2005	2006	2007	2008	Total

Numbers to be Served: The Clark County District Attorney's Office delivers prosecutorial services within a geographical area of approximately 8,000 square miles to a general population nearing 2.2 million people and a tourist population that reached 37.4 million persons in 2008. Last year, more than 77,000 cases were submitted to the Criminal Division for prosecution.

Program Activities: Retain for an additional year one Gang Unit Deputy District Attorney and hire one additional Deputy District Attorney for one year. Both attorneys will be dedicated to the prosecution of gang members and gang-related crimes.

Program Objectives: To combat the growth in the number of gang-related crimes in Clark County.

- Goal 1: The primary goal of this program is to reduce the growth in the number of gang related crimes in Clark County.
 - Objective 1: Gang Unit Associate Attorneys will continue to be dedicated to the Gang Unit and increase the number of gang cases prosecuted by 2.5 %, as compared with 2008, by the end of the grant period, as measured by internal, quarterly and bi-annual reports issued by the District Attorney's Gang Unit.
 - Objective 2: The Gang Unit Associate Attorneys will continue to participate in a case review panel with the US Attorney's Office to determine the most effective jurisdiction for cases to obtain the maximum crime penalty, thereby increasing the number of felony convictions by 2%, as compared 2008, by the end of the grant period as measured by internal, quarterly and bi-annual reports issued by the District Attorney's Gang Unit.

Program Timeline or Project Plan:

Month 1: Begin recruitment for the new Deputy District Attorney
Month 3: Hire Deputy District Attorney*
Month 4: Assign gang-related cases to Deputy District Attorney
Month 12: Evaluate processes and results

*Although the grant will be used to cover salary and benefit expenses for the newly hired Deputy District Attorney, this position is not appropriate for an entry-level attorney. Therefore, the Office of the Clark County District Attorney will assign a more experienced attorney to the new Gang Unit position and use the entry-level attorney to replace the Gang Unit Deputy in his or her previous assignment.

PROGRAM NARRATIVE

Performance Measures Established to Ensure Grant Objectives are being Met:

- No. 2 - Number of local initiatives planned;
- No. 6 – Number of local initiatives implemented
- No. 33 – Number of new FTEs funded with JAG funds
- No. 36 - Percent of units that report increased program quality

To accomplish the objectives of this proposal, the CCDA will continue to utilize the Gang Unit Attorneys in aggressive prosecution of gang related cases and participating in the case review panel, through the direct partnership with LVMPD Gang Detectives and in conjunction with the US Attorney's Office, to increase the number of felony convictions and cases closed by the Unit.

The Deputy District Attorneys are responsible for accepting the increased number of gang cases prosecuted by performing duties to include: conducting pre-trial interviews with victims, discussion and review with law enforcement of pertinent statutes relating to the filing of complaints, preparation of cases for trial, drafting legal pleadings, conducting preliminary hearings, prosecuting cases before County and State Courts and training LVMPD officers.

The Gang Unit participates in the case review panel with the US Attorney's Office. The panel was created in coordination with the US Attorney's Office to evaluate gang crimes for prosecution in the court system to ensure maximum results and act as a deterrent to violent gang crimes being committed in Clark County. The CCDA hosts the panel's monthly meetings which focus on the evaluation of new cases, discussion of the case merits and legal obstacles, defendants' prior histories and any witness difficulties. The determination of whether a case is more appropriately prosecuted by the Gang Crimes Unit or the US Attorney's Office is predicated on the jurisdiction that can enforce the maximum penalty. If further investigation or case development is required prior to making a final decision, those tasks are assigned to the law enforcement agency.

Receipt of these JAG grant funds will enable the CCDA to continue prosecuting gang related cases, and act in tandem with law enforcement and the US Attorney's Office to provide a sound approach to resolving more cases. These efforts will increase the level of safety for Clark County citizens and visitors.

Project Evaluation: Case statistics will be maintained and monitored for the program by the attorneys in addition to tracking information concerning cases presented to the case review panel, breakdown of felony convictions and prison sentences, including an average term of incarceration for all cases. Monthly review meetings will continue and include status reports of cases being investigated (pending filing in both jurisdictions) and those actively moving through the criminal justice systems. JAG performance measures 2, 6, 33 and 36 will also be tracked and reported.

PROGRAM NARRATIVE

Anticipated Coordination Efforts: The Gang Unit Attorneys will continue aggressive prosecution of gang related cases through participation in the case review panel, a direct partnership with the Las Vegas Metropolitan Police Department (LVMPD) Gang Detectives in conjunction with the US Attorney's Office, to increase the number of felony convictions and cases closed by the Unit.

Number of Collaborative Partnerships Established: The existing prosecutor and the new prosecutor will be dedicated positions in the CCDA's office to advise and assist the LVMPD Gang Crimes Bureau in the preparation of cases during the investigation stage and then pipelining those cases via vertical prosecution. The Gang Unit attorneys have assisted in numerous investigations, reviewed search warrants, assisted in the preparation of pen register applications and attended case conferences with the DEA/LVMPD/ATF task force and federal prosecutors. Additionally, the Gang Unit attorneys provide training to LVMPD gang officers regarding the legal issues attendant to these cases. As an active participant in the Southern Nevada Gang Task Force, attorney provides informational sessions to the general public regarding gang related activity and prosecution efforts of the CCDA's Office.

Program Title: Adult Criminal Drug Court

Program Type: New

Start Date: 9/1/2009 **End Date:** 8/31/2011

Program Purpose Area(s) Met: Drug treatment and enforcement programs.

Need for the Program: The Adult Criminal Drug Court Program was established in 1992 with the goal of providing cost effective drug rehabilitation targeted to felony offenders with a substance abuse problem. An internal recidivism study conducted on cases from 2000 and 2001 indicated a graduation rate of 52%. We believe with the addition of a clinical case manager position, the Court can be more proactive in assisting Criminal Judges in identifying defendants who would benefit from the intensive treatment program and monitoring compliance with treatment obligations, thus improving program retention and graduation rates. The substance abusing population is difficult to motivate and to keep engaged in treatment, therefore, intensive case management is needed to ensure continued participation in the program.

Numbers to be Served: 300 Drug Court participants during the 2-year program period.

Program Activities: The Clinical Case Management program will consist of a case manager conducting comprehensive substance abuse and mental health assessments, motivational interviewing and performing case management services for defendants referred to the Adult Drug Court program.

PROGRAM NARRATIVE

Program Objectives: To improve retention and graduation rates of Adult Drug Court participants.

Program Timeline or Project Plan:

- 1) 7/1/09 – begin recruitment of a Specialty Court Specialist (case manager) position;
- 2) 9/1/09 – begin assignment of cases to the case manager for the provision of assessment and case management services;
- 3) 1/15/10 – provide first quarterly report for period 10/1/09 –12/31/09;
- 4) provide additional quarterly reports every three months;
- 5) Send final report by 9/15/2011.

Performance Measures Established to Ensure Grant Objectives are being met:

- No. 3 – Number of individuals receiving services;
- No. 8 – Number of program participants who completed (intended) programming;
- No. 10 - 10, Number of program participants who exhibit a desired change in a targeted behavior;
- No. 33 – Number of new FTEs funded with JAG funds;
- No. 34 – Number of overtime hours paid with JAG funds;
- No. 37 – Amount of funds expended on equipment and/or supplies;
- No. 38 – Types of equipment and/or supplies purchased with JAG funds.

In addition to the above, we will be measuring the length of time clients are in treatment by tracking the number of clients in the case management and non-case management groups and number of days clients are in “active” status. We will also measure the percentage of clients who are in “active” and “graduate” status by tracking the number of clients in “active” and the number of clients in “graduate” status in each group.

Anticipated Coordination Efforts: The Specialty Courts Manager for the Eighth Judicial District Court will recruit and hire the Specialty Court Specialist (Case Manager) position. The Specialty Courts Manager will supervise the case manager position, monitor the performance of job duties, and coordinate the collection and submission of data reports to the grantor.

Number of Collaborative Partnerships Established: The Specialty Courts Manager and Case Manager will both work very closely with Choices Group, the treatment provider for the Adult Drug Court Program.

Agency: Clark County

Department: Department of Family Services

Program Title: Triple P Parenting Project

Program Type: New

Start Date: 9/1/2009 **End Date:** 8/31/2011

Program Purpose Area(s) Met: Prevention and Education Programs

Need for the Program: Parents play a critical role in the positive development of their children. While parent education services may be relevant to all parents, very few services are available in Clark County to help parents address severe behavioural, emotional and developmental problems in children. Parents/caregivers struggling with behaviour problems in children need access to intensive parent education resources and support to increase their parenting skills and competence and reduce problematic behaviors in their children. Research has shown that parents can be taught to modify their children's behavior (Forehand, et al., 1984) and that parent education programs are effective in increasing knowledge and skill in appropriate parenting methods.

This project will provide funding to the Department of Family Services Parenting Project to offer new, more intensive services to families in the child welfare system using the Triple P Positive Parenting Program, offer a parent support hotline to encourage the maintenance of newly learned parenting skills and explore the feasibility of implementing an online registration process for parents and caregivers in the community.

Numbers to be Served: At least 144 parent/caregivers who receive parent education.

Program Activities: Project Services: In the first year of this project, a minimum of one facilitator will be trained in the Triple P parenting program. A minimum of 12 parent education programs consisting of 8 sessions each and 3-4 follow-up phone calls per family will be offered to at least 144 parents/caregivers. In addition, the feasibility of implementing an online registration process for parents and caregivers will be explored.

Program Objectives: Goals of this project include: 1) educating parents and caregivers of children with difficult to manage behaviors in effective parenting and behavior management strategies using the Group Triple P parenting program, 2) increasing parental competency providing access to skilled facilitators between sessions and after programs to encourage the maintenance of the new skills, and 3) exploring the feasibility of improving access to services by creating an online registration program so that parents and caregivers can register themselves for training programs.

Project Outcomes:

1) Implement the Triple P Positive Parenting Program and hotline/phone support system designed to increase parental competence and confidence by:

- improving parents' ability to manage their child's behavior
- reducing parents' use of coercive and punitive discipline methods,

PROGRAM NARRATIVE

- improving parents' ability to communicate effectively about parenting issues, and
- reducing parenting stress related to caring for children.

Changes in these four areas will be assessed through the use of pre- and post-test measures. Demographic and pre/post data will be collected and entered into SPSS

(Statistical Package for Social Services) with analysis and outcomes reported at the end of the grant period. Client satisfaction data will also be collected, analyzed and reported. The Triple P program is research-based and has been evaluated through controlled studies since 1978 producing predictable decreases in problematic behaviors in children.

2) Determine the feasibility/cost of implementing an online registration process to increase access and improve services to families in a cost-efficient efficient manner.

Program Timeline or Project Plan:

- 1) 7/1/09 – begin recruitment of a Specialty Court Specialist (case manager) position;
- 2) 9/1/09 – begin assignment of cases to the case manager for the provision of assessment and case management services;
- 3) 1/15/10 – provide first quarterly report for period 10/1/09 –12/31/09;

No. 8 – Number of program participants who completed (intended) programming;

No. 10 - Number of program participants who exhibit a desired change in a targeted behavior;

No. 33 – Number of new FTEs funded with JAG funds;

Anticipated Coordination Efforts: The CCDFS Parenting Project has been successfully operating since 1989 with both Clark County and grant funds offering a variety of parent education services to more than 80,000 parents and caregivers and has a proven record in delivering services in a reliable and consistent manner.

Number of Collaborative Partnerships Established: A minimum of five in Year 1.

**Byrne Memorial Justice Assistance Grant Local Solicitation
Disparate Jurisdiction Application
Fiscal Agent: City of Las Vegas, Nevada
CFDA # 16.738, 2009-H2827-NV-DJ**

REVIEW NARRATIVE

The City of Las Vegas, acting as Fiscal Agent for the disparate jurisdiction consisting of Clark County and the cities of Las Vegas, North Las Vegas, and Henderson, is applying for the Byrne Memorial Justice Assistance Grant Local Solicitation funds in the amount of \$1,822,534. As such, a Memorandum of Understanding has been accepted by the jurisdictions and is currently up for review and approval by elected officials at Council and Commission meetings during the month of July (see MOU, attached). A formal, signed copy will be provided as soon as all of the jurisdictions submit their original, signed copies.

The City of Las Vegas, as fiscal agent, made the grant application available for review by its governing body (or to the organization designated by that governing body) not fewer than 30 days before the application is submitted to BJA during City Council Briefings the week of June 30th through July 3rd and at the City Council Meeting July 15, 2009 (see Agenda Summary Page, attached).

The City of Las Vegas, as fiscal agent, made the application was made public and that, to the extent of applicable law or established procedure, an opportunity to comment was provided to citizens and neighborhood or community organizations. Request for public comments notices were posted at all disparate jurisdiction entity government buildings from June 17, 2009 until July 1, 2009, with opportunities to comment via telephone and e-mail. No comments were received (See Request for Public Comment Notice, attached).

The City of Las Vegas, as fiscal agent, agrees to collect data, both fiscal and programmatic, for reports that will be submitted by the 10th of the month following the quarter for which the report is being submitted. A prototype of Recipient Reporting Template, based on the screenshots from the ARRA Workflow document has been created for use and is attached as Attachment 5.

The City of Las Vegas, as fiscal agent, attests that federal funds will be used to supplement existing state and local funds for program activities and will not replace those funds that have been appropriated for the same purpose. Each governmental entity within the disparate jurisdiction has attested to the same and will agree to audits verifying such as part of each interlocal agreement that shall be signed prior to receipt of funds.
